The applicant used the contested race during his entire period of service. The Board determined the overall merits of this case are insufficient as a basis for correction of the records of the individual concerned. Based on this the Board determined relief was not warranted. In addition, decision documents, along with his application and the supporting evidence he provided, will be filed in his official military records. This should serve to clarify any questions or confusion regarding the difference in of his race recorded in his military records and to satisfy his desire to have his legal race documented in his military records.

6. A review of the applicant's service records confirms he is eligible for award or decorations not annotated on his DD Form 214. These entries will be added as administrative corrections and will not be considered by the Board.

8. By regulation 600-8-22 (Military Awards) sets forth requirements for award of basic marksmanship qualification badges. The qualification badge is awarded to indicate the degree – Expert, Sharpshooter, and Marksman -- in which an individual has qualified in a prescribed record course. An appropriate bar is furnished to denote each weapon with which the individual has qualified.

BOARD DISCUSSION:

1. After reviewing the application, all supporting documents, and the evidence found within the military record, the Board found that relief was not warranted.
2. The Board carefully considered the applicant's request, his military record and the Race annotated in the entirety of his record, to include on documents that he had signed. The Board considered the notarized affidavit signed by his Mother and the box he checked on the provided VA Form 10-10EZ. The record did not contain, and the applicant did not provide any further documentation or identification that reflects his race as Native American. The Board found the entries in his record to accurately represent the circumstances as they existed at the time of his service. Based on a preponderance of evidence, the Board determined that the Race entries in the applicant's record were not in error or unjust. The Board concurred with the record corrections stated in the Administrative Notes below.
