

1. Applicant's Name: [REDACTED]

- a. Application Date: 26 April 2021
- b. Date Received: 26 April 2021
- c. Counsel: None

2. REQUEST, ISSUES, BOARD TYPE, AND DECISION:

- a. **Applicant's Requests and Issues:** The current characterization of service for the period under review is general (under honorable conditions). The applicant requests an upgrade honorable.

The applicant seeks relief contending, in effect, suffering from post-traumatic stress disorder (PTSD). The applicant had migraines and brain swelling because of being exposed to hostile fire. Upon returning from Iraq, the applicant was sent to treatment for a substance abuse problem but relapsed and attempted suicide. To receive VA benefits and go to college, the applicant requests for upgrade to honorable.

- b. **Board Type and Decision:** In a records review conducted on 8 May 2025, and by a 5-0 vote, the Board determined the discharge is inequitable based on the applicant's Post Traumatic Stress Disorder, Traumatic Brain Injury, Depression, and Anxiety outweighing the applicant's substance abuse, FTR, and substance-related misconduct. Therefore, the Board voted to grant relief in the form of an upgrade of the characterization of service to Honorable and changed the separation authority to AR 635-200, paragraph 14-12a, the narrative reason for separation to Misconduct (Minor Infractions), with a corresponding separation code of JKN. The Board determined the reentry code is proper and equitable and voted not to change it.

*Please see **Board Discussion and Determination** section for more detail regarding the Board's decision.*

7. STATUTORY, REGULATORY AND POLICY REFERENCE(S):

a. Section 1553, Title 10, United States Code (Review of Discharge or Dismissal) provides for the creation, composition, and scope of review conducted by a Discharge Review Board(s) within established governing standards. As amended by Sections 521 and 525 of the National Defense Authorization Act for Fiscal Year 2020, 10 USC 1553 provides specific guidance to the Military Boards for Correction of Military/Naval Records and Discharge Review Boards when considering discharge upgrade requests by Veterans claiming Post Traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI), sexual trauma, intimate partner violence (IPV), or spousal abuse, as a basis for discharge review. The amended guidance provides that Boards will include, as a voting board member, a physician trained in mental health disorders, a clinical psychologist, or a psychiatrist when the discharge upgrade claim asserts a mental health condition, including PTSD, TBI, sexual trauma, IPV, or spousal abuse, as a basis for the discharge. Further, the guidance provides that Military Boards for Correction of Military/Naval Records and Discharge Review Boards will develop and provide specialized training specific to sexual trauma, IPV, spousal abuse, as well as the various responses of individuals to trauma.

b. Multiple Department of Defense Policy Guidance Memoranda published between 2014 and 2018. The documents are commonly referred to by the signatory authorities' last names (2014 Secretary of Defense Guidance [Hagel memo], 2016 Acting Principal Deputy Under Secretary of Defense for Personnel and Readiness [Carson memo], 2017 Official Performing the Duties of the Under Secretary of Defense for Personnel and Readiness [Kurta memo], and 2018 Under Secretary of Defense for Personnel and Readiness [Wilkie memo].

(1) Individually and collectively, these documents provide further clarification to the Military Discharge Review Boards and Boards for Correction of Military/Naval Records when considering requests by Veterans for modification of their discharge due to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Liberal consideration will be given to Veterans petitioning for discharge relief when the application for relief is based in whole or in part on matters relating to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Special consideration will be given to Department of Veterans Affairs (VA) determinations that document a mental health condition, including PTSD; TBI; or sexual assault/harassment potentially contributed to the circumstances resulting in a less than honorable discharge characterization. Special consideration will also be given in cases where a civilian provider confers diagnoses of a mental health condition, including PTSD; TBI; or sexual assault/harassment if the case records contain narratives supporting symptomatology at the time of service or when any other evidence which may reasonably indicate that a mental health condition, including PTSD; TBI; or sexual assault/harassment existed at the time of discharge might have mitigated the misconduct that caused a discharge of lesser characterization.

(2) Conditions documented in the service record that can reasonably be determined to have existed at the time of discharge will be considered to have existed at the time of discharge. In cases in which a mental health condition, including PTSD; TBI; or sexual assault/harassment may be reasonably determined to have existed at the time of discharge, those conditions will be considered potential mitigating factors in the misconduct that caused the characterization of service in question. All Boards will exercise caution in weighing evidence of mitigation in cases in which serious misconduct precipitated a discharge with a less than Honorable characterization of service. Potentially mitigating evidence of the existence of undiagnosed combat related PTSD, PTSD-related conditions due to TBI or sexual assault/harassment as causative factors in the misconduct resulting in discharge will be carefully weighed against the severity of the misconduct. PTSD is not a likely cause of premeditated misconduct. Caution

shall be exercised in weighing evidence of mitigation in all cases of misconduct by carefully considering the likely causal relationship of symptoms to the misconduct.

c. Army Regulation 15-180 (Army Discharge Review Board), sets forth the policies and procedures under which the Army Discharge Review Board is authorized to review the character, reason, and authority of any Servicemember discharged from active military service within 15 years of the Servicemember's date of discharge. Additionally, it prescribes actions and composition of the Army Discharge Review Board under Public Law 95-126; Section 1553, Title 10 United States Code; and Department of Defense Directive 1332.41 and Instruction 1332.28.

d. Army Regulation 635-200 (Active Duty Enlisted Administrative Separations), provides the basic authority for the separation of enlisted personnel.

(1) Chapter 3, Section II provides the authorized types of characterization of service or description of separation.

(2) Paragraph 3-7a states an Honorable discharge is a separation with honor and is appropriate when the quality of the Soldier's service generally has met the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.

(3) Paragraph 3-7b states a General discharge is a separation from the Army under honorable conditions and is issued to a Soldier whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.

(4) Chapter 14 establishes policy and prescribes procedures for separating members for misconduct. Specific categories include minor disciplinary infractions, a pattern of misconduct, and commission of a serious offense, to include abuse of illegal drugs, convictions by civil authorities and desertion or being absent without leave. Action will be taken to separate a member for misconduct when it is clearly established that rehabilitation is impractical or unlikely to succeed.

(5) Paragraph 14-3, prescribes a discharge under other than honorable conditions is normally appropriate for a Soldier discharged under this chapter. However, the separation authority may direct a general discharge if such is merited by the Soldier's overall record.

(6) Paragraph 14-12b, addresses a pattern of misconduct consisting of either discreditable involvement with civilian or military authorities or discreditable conduct and conduct prejudicial to good order and discipline including conduct violating the accepted standards of personal conduct found in the Uniform Code of Military Justice, Army Regulations, the civilian law and time-honored customs and traditions of the Army.

e. Army Regulation 635-5-1 (Separation Program Designator (SPD) Codes), provides the specific authorities (regulatory or directive), reasons for separating Soldiers from active duty, and the SPD codes to be entered on the DD Form 214. It identifies the SPD code of "JKA" as the appropriate code to assign enlisted Soldiers who are discharged under the provisions of Army Regulation 635-200, Chapter 14, paragraph 12b, pattern of misconduct.

f. Army Regulation 601-210 (Regular Army and Reserve Components Enlistment Program), governs eligibility criteria, policies, and procedures for enlistment and processing of persons into the Regular Army, the U.S. Army Reserve, and Army National Guard for enlistment per DODI 1304.26. It also prescribes the appointment, reassignment, management, and mobilization of Reserve Officers' Training Corps cadets under the Simultaneous Membership Program.

Chapter 4 provides the criteria and procedures for waiverable and nonwaiverable separations. Table 3-1, defines reentry eligibility (RE) codes: RE-3 Applies to: Person who is not considered fully qualified for reentry or continuous service at time of separation, but disqualification is waiverable. Eligibility: Ineligible unless a waiver is granted.

8. SUMMARY OF FACT(S): The Army Discharge Review Board considers applications for upgrade as instructed by Department of Defense Instruction 1332.28.

The applicant requests an upgrade to honorable. The applicant's Army Military Human Resources Record (AMHRR), the issues, and documents submitted with the application were carefully reviewed.

The applicant contends suffering from PTSD. The applicant did not submit evidence other than their statement to support the contention the discharge resulted from any medical condition.. The AMHRR includes a Report of Medical Examination and History, 30 September 2009, the examining medical physician noted in the comments section: Depression; insomnia and anxiety. The AMHRR is void of a mental status evaluation.

The applicant contends good service, including a combat tour. The third-party statements provided with the application reflect the applicant's motivation and outstanding performance in combat. The Board considered the applicant's service accomplishments and the quality of service according to the DODI 1332.28.

The applicant contends an upgrade of the discharge would allow veterans benefits and educational benefits through the GI Bill. Eligibility for veteran's benefits to include educational benefits under the Post-9/11 or Montgomery GI Bill does not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance.

9. BOARD DISCUSSION AND DETERMINATION:

a. As directed by the 2017 memo signed by A.M. Kurta, the board considered the following factors:

(1) Did the applicant have a condition or experience that may excuse or mitigate the discharge? **Yes.** The Board reviewed the applicant's DOD and VA health records, applicant's statement, and/or civilian provider documentation and found that the applicant has the following potentially-mitigating diagnoses/experiences: Adjustment Disorder, PTSD, TBI, Depression, Anxiety.

(2) Did the condition exist or experience occur during military service? **Yes.** The Board found that the applicant was diagnosed in service with an Adjustment Disorder, PTSD, TBI, Depression, and Anxiety, and the VA has service connected the PTSD and TBI.

(3) Does the condition or experience actually excuse or mitigate the discharge? **Yes.** The Board determined, based on the BMA's opine, that the applicant's behavioral health conditions mitigate the discharge. The applicant was diagnosed in service with an Adjustment Disorder, PTSD, TBI, Depression, and Anxiety, and the VA has service connected the PTSD and TBI. Given the nexus between PTSD, TBI, Depression, Anxiety, avoidance, and using substances for self-medication, the FTRs and all the substance-related misconduct to include not completing substance abuse treatment, getting caught driving under the influence of alcohol, drunk and disorderly, and being drunk on duty are mitigated.

(4) Does the condition or experience outweigh the discharge? **Yes.** After applying liberal consideration to the evidence, including the Board Medical Advisor opine, the Board determined that the applicant's Post Traumatic Stress Disorder, Traumatic Brain Injury, Depression, and Anxiety outweighed the applicant's substance abuse, FTR, and substance-related misconduct.

b. Response to Contention(s):

(1) The applicant contends suffering from PTSD. The Board liberally considered this contention and determined that the applicant's Post Traumatic Stress Disorder, Traumatic Brain Injury, Depression, and Anxiety outweighed the applicant's substance abuse, FTR, and substance-related misconduct.

(2) The applicant contends good service, including a combat tour. The Board considered this contention during proceedings, but ultimately did not address the contention due to an upgrade being granted based on the applicant's Post Traumatic Stress Disorder, Traumatic Brain Injury, Depression, and Anxiety outweighed the applicant's substance abuse, FTR, and substance-related misconduct.

(3) The applicant contends an upgrade of the discharge would allow veterans benefits and educational benefits through the GI Bill. The Board considered this contention and determined that eligibility for Veteran's benefits, to include educational benefits under the Post-9/11 or Montgomery GI Bill, healthcare or VA loans, do not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance.

c. The Board determined the discharge is inequitable based on the applicant's Post Traumatic Stress Disorder, Traumatic Brain Injury, Depression, and Anxiety outweighing the applicant's substance abuse, FTR, and substance-related misconduct. Therefore, the Board voted to grant relief in the form of an upgrade of the characterization of service to Honorable and changed the separation authority to AR 635-200, paragraph 14-12a, the narrative reason for separation to Misconduct (Minor Infractions), with a corresponding separation code of JKN. The Board determined the reentry code is proper and equitable and voted not to change it.

d. Rationale for Decision:

(1) The Board voted to change the applicant's characterization of service to Honorable because the applicant's Post Traumatic Stress Disorder, Traumatic Brain Injury, Depression, and Anxiety outweighed the applicant's substance abuse, FTR, and substance-related misconduct. Thus, the prior characterization is no longer appropriate.

(2) The Board voted to change the reason for discharge to Misconduct (Minor Infractions) under the same pretexts, thus the reason for discharge is no longer appropriate. The SPD code associated with the new reason for discharge is JKN.

(3) The RE code will not change, as the current code is consistent with the procedural and substantive requirements of the regulation.
