- b. **Date Received:** 26 April 2021
- c. **Counsel:** None

2. REQUEST, ISSUES, BOARD TYPE, AND DECISION:

a. **Applicant's Requests and Issues:** The current characterization of service for the period under review is general (under honorable conditions). The applicant requests an upgrade to honorable.

The applicant seeks relief contending, in effect, the discharge is inequitable because it is based on one isolated event in their 28 months of service with no other derogatory adverse action. The applicant contends they were denied disability for service-related post-traumatic stress disorder (PTSD) and they must have an honorable discharge to be accepted. The applicant claims the narrative reason for separation is misconduct; nevertheless, there was no pattern of misconduct preceding separation. The applicant was on the fast track to promotion and did an excellent job. The applicant could have remained in the service, been demoted, and received a loss of pay, but requested to be discharged from the military.

b. **Board Type and Decision:** In a records review conducted on 10 September 2024, and by a 5-0 vote, the Board determined the discharge is inequitable based on the applicant's Post Traumatic Stress Disorder outweighing the applicant's illegal substance abuse offense. Therefore, the Board voted to grant relief in the form of an upgrade of the characterization of service to Honorable and changed to the separation authority to AR 635-200, paragraph 14-12a. Accordingly, the narrative reason for separation changed to Misconduct (Minor Infractions) with a corresponding separation code of JKN and reentry code of RE-3.

Please see the Board Discussion and Determination portion of this document for more details regarding the Board's decision. Board member names available upon request.

7. STATUTORY, REGULATORY AND POLICY REFERENCE(S):

a. Section 1553, Title 10, United States Code (Review of Discharge or Dismissal) provides for the creation, composition, and scope of review conducted by a Discharge Review Board(s) within established governing standards. As amended by Sections 521 and 525 of the National Defense Authorization Act for Fiscal Year 2020, 10 USC 1553 provides specific guidance to the Military Boards for Correction of Military/Naval Records and Discharge Review Boards when considering discharge upgrade requests by Veterans claiming Post Traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI), sexual trauma, intimate partner violence (IPV), or spousal abuse, as a basis for discharge review. The amended guidance provides that Boards will include, as a voting board member, a physician trained in mental health disorders, a clinical psychologist, or a psychiatrist when the discharge upgrade claim asserts a mental health condition, including PTSD, TBI, sexual trauma, IPV, or spousal abuse, as a basis for the discharge. Further, the guidance provides that Military Boards for Correction of Military/Naval Records and Discharge Review Boards will develop and provide specialized training specific to sexual trauma, IPV, spousal abuse, as well as the various responses of individuals to trauma.

b. Multiple Department of Defense Policy Guidance Memoranda published between 2014 and 2018. The documents are commonly referred to by the signatory authorities' last names (2014 Secretary of Defense Guidance [Hagel memo], 2016 Acting Principal Deputy Under Secretary of Defense for Personnel and Readiness [Carson memo], 2017 Official Performing the Duties of the Under Secretary of Defense for Personnel and Readiness [Kurta memo], and 2018 Under Secretary of Defense for Personnel and Readiness [Wilkie memo].

(1) Individually and collectively, these documents provide further clarification to the Military Discharge Review Boards and Boards for Correction of Military/Naval Records when considering requests by Veterans for modification of their discharge due to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Liberal consideration will be given to Veterans petitioning for discharge relief when the application for relief is based in whole or in part on matters relating to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Special consideration will be given to Department of Veterans Affairs (VA) determinations that document a mental health condition, including PTSD; TBI; or sexual assault/harassment potentially contributed to the circumstances resulting in a less than honorable discharge characterization. Special consideration will also be given in cases where a civilian provider confers diagnoses of a mental health condition, including PTSD; TBI; or sexual assault/harassment if the case records contain narratives supporting symptomatology at the time of service or when any other evidence which may reasonably indicate that a mental health condition, including PTSD; TBI; or sexual assault/harassment existed at the time of discharge might have mitigated the misconduct that caused a discharge of lesser characterization.

(2) Conditions documented in the service record that can reasonably be determined to have existed at the time of discharge will be considered to have existed at the time of discharge. In cases in which a mental health condition, including PTSD; TBI; or sexual assault/harassment may be reasonably determined to have existed at the time of discharge, those conditions will be considered potential mitigating factors in the misconduct that caused the characterization of service in question. All Boards will exercise caution in weighing evidence of mitigation in cases in which serious misconduct precipitated a discharge with a less than Honorable characterization of service. Potentially mitigating evidence of the existence of undiagnosed combat related PTSD, PTSD-related conditions due to TBI or sexual assault/harassment as causative factors in the misconduct resulting in discharge will be carefully weighed against the severity of the misconduct. PTSD is not a likely cause of premeditated misconduct. Caution shall be exercised in weighing evidence of mitigation in all cases of misconduct by carefully considering the likely causal relationship of symptoms to the misconduct.

c. Army Regulation 15-180 (Army Discharge Review Board) sets forth the policies and procedures under which the Army Discharge Review Board is authorized to review the character, reason, and authority of any Servicemember discharged from active military service within 15 years of the Servicemember's date of discharge. Additionally, it prescribes actions and composition of the Army Discharge Review Board under Public Law 95-126; Section 1553, Title 10 United States Code; and Department of Defense Directive 1332.41 and Instruction 1332.28.

d. Army Regulation 635-200 (Active Duty Enlisted Administrative Separations) provides the basic authority for the separation of enlisted personnel.

(1) Chapter 3, Section II provides the authorized types of characterization of service or description of separation.

(2) Paragraph 3-5c, provides the reasons for separation, including the specific circumstances that form the basis for the separation, will be considered on the issue of characterization. As a general matter, characterization will be based upon a pattern of behavior other than an isolated incident. There are circumstances, however, in which the conduct or performance of duty reflected by a single incident provides the basis for characterization.

(3) Paragraph 3-7a states an Honorable discharge is a separation with honor and is appropriate when the quality of the Soldier's service generally has met the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.

(4) Paragraph 3-7b states a General discharge is a separation from the Army under honorable conditions and is issued to a Soldier whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.

(5) Chapter 14 establishes policy and prescribes procedures for separating members for misconduct. Specific categories include minor disciplinary infractions, a pattern of misconduct, and commission of a serious offense, to include abuse of illegal drugs, convictions by civil authorities and desertion or being absent without leave. Action will be taken to separate a member for misconduct when it is clearly established that rehabilitation is impractical or unlikely to succeed.

(6) Paragraph 14-3 prescribes a discharge under other than honorable conditions is normally appropriate for a Soldier discharged under this chapter. However, the separation authority may direct a general discharge if such is merited by the Soldier's overall record.

(7) Paragraph 14-12c(2) terms abuse of illegal drugs as serious misconduct. It continues; however, by recognizing relevant facts may mitigate the nature of the offense. Therefore, a single drug abuse offense may be combined with one or more minor disciplinary infractions or incidents of other misconduct and processed for separation under paragraph 14-12a or 14-12b as appropriate.

e. Army Regulation 635-5-1 (Separation Program Designator (SPD) Codes), provides the specific authorities (regulatory or directive), reasons for separating Soldiers from active duty, and the SPD codes to be entered on the DD Form 214. It identifies the SPD code of "JKK" as the appropriate code to assign enlisted Soldiers who are discharged under the provisions of Army Regulation 635-200, Chapter 14, misconduct (drug abuse).

f. Army Regulation 601-210, (Regular Army and Reserve Components Enlistment Program), governs eligibility criteria, policies, and procedures for enlistment and processing of

persons into the Regular Army, the U.S. Army Reserve, and Army National Guard for enlistment per DODI 1304.26. It also prescribes the appointment, reassignment, management, and mobilization of Reserve Officers' Training Corps cadets under the Simultaneous Membership Program. Chapter 4 provides the criteria and procedures for waiverable and nonwaiverable separations. Table 3-1 defines reentry eligibility (RE) codes: RE-4 Applies to: Person separated from last period of service with a nonwaiverable disqualification. This includes anyone with a DA imposed bar to reenlistment in effect at time of separation or separated for any reason (except length of service retirement) with 18 or more years active Federal service. Eligibility: Ineligible for enlistment.

8. SUMMARY OF FACT(S): The Army Discharge Review Board considers applications for upgrade as instructed by Department of Defense Instruction 1332.28.

The applicant requests an upgrade to honorable. The applicant's Army Military Human Resources Record (AMHRR), the issues, and documents submitted with the application were carefully reviewed.

The applicant contends they were denied disability for service-related post-traumatic stress disorder. The applicant did not submit any evidence, other than the applicant's statement, to support the contention. The AMHRR includes a Mental Status Evaluation, 9 March 2009, reflects the applicant was cleared for any administrative actions deemed appropriate by the command. The applicant was mentally responsible with a clear-thinking process and had the mental capacity to understand and participate in the proceedings. The separation authority considered the mental status evaluation.

The applicant contends the event which led to the discharge from the Army was an isolated incident. Army Regulation 635-200, paragraph 3-5, in pertinent part, stipulates there are circumstances in which the conduct or performance of duty reflected by a single incident provides the basis for a characterization.

The applicant contends good service, including a combat tour. The Board considered the applicant's service accomplishments and the quality of service according to the DODI 1332.28.

9. BOARD DISCUSSION AND DETERMINATION:

a. As directed by the 2017 memo signed by A.M. Kurta, the board considered the following factors:

(1) Did the applicant have a condition or experience that may excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor, a voting member, reviewed the applicant's DOD and VA health records, the applicant's statement, and/or civilian provider documentation and found that the applicant has the following potentially mitigating diagnoses: The applicant is service connected for combat related PTSD with subsumed mood disorders.

(2) Did the condition exist, or experience occur during military service? **Yes.** The applicant is service connected for PTSD with the trauma occurring in-service.

(3) Does the condition or experience excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor applied liberal consideration and opined that the trauma occurred before the misconduct and there is a nexus between trauma and substance use to self-medicate, the basis for separation is mitigated.

(4) Does the condition or experience outweigh the discharge? **Yes.** After applying liberal consideration to the evidence, including the Board Medical Advisor's opine, the Board determined that the applicant's Post Traumatic Stress Disorder outweighed the applicant's illegal substance abuse offense.

b. Response to Contention(s):

(1) The applicant contends they were denied disability for service-related Post-Traumatic Stress Disorder. The Board considered this contention and determined that eligibility for Veteran's benefits, to include educational benefits under the Post-9/11 or Montgomery GI Bill, healthcare or VA loans, do not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance. However, the Board is able to review the appropriateness of the applicant's discharge. The Board liberally considered the applicant's behavioral health condition at the time of separation and determined that the applicant's Post Traumatic Stress Disorder outweighed the applicant's illegal substance abuse offense. Therefore, a discharge upgrade is warranted.

(2) The applicant contends the narrative reason for the discharge needs to be changed. The Board considered this contention and determined that it was valid based on medical mitigation of the applicant's illegal substance abuse offense.

(3) The applicant contends the event which led to the discharge from the Army was an isolated incident. The Board considered this contention during proceedings, but ultimately did not address it in detail due to an upgrade being granted based on the applicant's PTSD outweighing the applicant's illegal substance abuse offense.

(4) The applicant contends good service, including a combat tour. The Board considered this contention during proceedings, but ultimately did not address it in detail due to an upgrade being granted based on the applicant's PTSD outweighing the applicant's illegal substance abuse offense.

c. The Board determined the discharge is inequitable based on the applicant's Post Traumatic Stress Disorder outweighing the applicant's illegal substance abuse offense. Therefore, the Board voted to grant relief in the form of an upgrade of the characterization of service to Honorable and changed to the separation authority to AR 635-200, paragraph 14-12a. Accordingly, the narrative reason for separation changed to Misconduct (Minor Infractions) with a corresponding separation code of JKN and reentry code of RE-3.

d. Rationale for Decision:

(1) The Board voted to change the applicant's characterization of service to Honorable because the applicant's Post Traumatic Stress Disorder outweighed the applicant's illegal substance abuse offense. Thus, the prior characterization is no longer appropriate.

(2) The Board voted to change the reason for discharge to Misconduct (Minor Infractions) under the same pretexts. Thus, the reason for discharge is no longer appropriate. The SPD code associated with the new reason for discharge is JKN.

(3) The RE code will change to RE-3 based on the new SPD and diagnosed behavioral health conditions.

10. BOARD ACTION DIRECTED:

- a. Issue a New DD-214: Yes
- b. Change Characterization to: Honorable
- c. Change Reason / SPD Code to: Misconduct (Minor Infractions)/JKN
- d. Change RE Code to: RE-3
- e. Change Authority to: AR 635-200
