2. REQUEST, ISSUES, BOARD TYPE, AND DECISION:

a. **Applicant's Requests and Issues:** The current characterization of service for the period under review is general (under honorable conditions). The applicant requests an upgrade to honorable.

The applicant cannot afford to go to school right now because they are struggling to find a job to support their family. The applicant realizes they messed up and received a Driving Under the Influence (DUI); however, requests to have the discharge upgraded for another chance at taking care of oneself and their family. The applicant is not asking for sympathy; just a chance to better oneself. The applicant has been struggling to find a job and believes employers see the "serious offense" on the DD Form 214.

b. **Board Type and Decision:** In a records review conducted on 23 July 2024, and by a 3-2 vote, the Board determined the discharge is inequitable based on the applicant's Mood Disorder outweighing the applicant's offenses of underage drinking, DUI, and FTR. Therefore, the Board voted to grant relief in the form of an upgrade of the characterization of service to Honorable and changed to the separation authority to AR 635-200, paragraph 14-12a, the narrative reason for separation to Misconduct (Minor Infractions), with a corresponding separation code of JKN. The Board determined the reentry code is proper and equitable and voted not to change it.

Please see Section 9 of this document for more detail regarding the Board's decision.

7. STATUTORY, REGULATORY AND POLICY REFERENCE(S):

a. Section 1553, Title 10, United States Code (Review of Discharge or Dismissal) provides for the creation, composition, and scope of review conducted by a Discharge Review Board(s) within established governing standards. As amended by Sections 521 and 525 of the National Defense Authorization Act for Fiscal Year 2020, 10 USC 1553 provides specific guidance to the Military Boards for Correction of Military/Naval Records and Discharge Review Boards when considering discharge upgrade requests by Veterans claiming Post Traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI), sexual trauma, intimate partner violence (IPV), or spousal abuse, as a basis for discharge review. The amended guidance provides that Boards will include, as a voting board member, a physician trained in mental health disorders, a clinical psychologist, or a psychiatrist when the discharge upgrade claim asserts a mental health condition, including PTSD, TBI, sexual trauma, IPV, or spousal abuse, as a basis for the discharge. Further, the guidance provides that Military Boards for Correction of Military/Naval Records and Discharge Review Boards will develop and provide specialized training specific to sexual trauma, IPV, spousal abuse, as well as the various responses of individuals to trauma.

b. Multiple Department of Defense Policy Guidance Memoranda published between 2014 and 2018. The documents are commonly referred to by the signatory authorities' last names (2014 Secretary of Defense Guidance [Hagel memo], 2016 Acting Principal Deputy Under Secretary of Defense for Personnel and Readiness [Carson memo], 2017 Official Performing the Duties of the Under Secretary of Defense for Personnel and Readiness [Kurta memo], and 2018 Under Secretary of Defense for Personnel and Readiness [Wilkie memo].

(1) Individually and collectively, these documents provide further clarification to the Military Discharge Review Boards and Boards for Correction of Military/Naval Records when considering requests by Veterans for modification of their discharge due to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Liberal consideration will be given to Veterans petitioning for discharge relief when the application for relief is based in whole or in part on matters relating to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Special consideration will be given to Department of Veterans Affairs (VA) determinations that document a mental health condition, including PTSD; TBI; or sexual assault/harassment potentially contributed to the circumstances resulting in a less than honorable discharge characterization. Special consideration will also be given in cases where a civilian provider confers diagnoses of a mental health condition, including PTSD; TBI; or sexual assault/harassment if the case records contain narratives supporting symptomatology at the time of service or when any other evidence which may reasonably indicate that a mental health condition, including PTSD; TBI; or sexual assault/harassment existed at the time of discharge might have mitigated the misconduct that caused a discharge of lesser characterization.

(2) Conditions documented in the service record that can reasonably be determined to have existed at the time of discharge will be considered to have existed at the time of discharge. In cases in which a mental health condition, including PTSD; TBI; or sexual assault/harassment may be reasonably determined to have existed at the time of discharge, those conditions will be considered potential mitigating factors in the misconduct that caused the characterization of service in question. All Boards will exercise caution in weighing evidence of mitigation in cases in which serious misconduct precipitated a discharge with a less than Honorable characterization of service. Potentially mitigating evidence of the existence of undiagnosed combat related PTSD, PTSD-related conditions due to TBI or sexual assault/harassment as causative factors in the misconduct resulting in discharge will be carefully weighed against the severity of the misconduct. PTSD is not a likely cause of premeditated misconduct. Caution shall be exercised in weighing evidence of mitigation in all cases of misconduct by carefully considering the likely causal relationship of symptoms to the misconduct.

c. Army Regulation 15-180 (Army Discharge Review Board), sets forth the policies and procedures under which the Army Discharge Review Board is authorized to review the character, reason, and authority of any Servicemember discharged from active military service within 15 years of the Servicemember's date of discharge. Additionally, it prescribes actions and composition of the Army Discharge Review Board under Public Law 95-126; Section 1553, Title 10 United States Code; and Department of Defense Directive 1332.41 and Instruction 1332.28.

d. Army Regulation 635-200 (Active Duty Enlisted Administrative Separations), provides the basic authority for the separation of enlisted personnel.

(1) Chapter 3, Section II provides the authorized types of characterization of service or description of separation.

(2) Paragraph 3-7a states an Honorable discharge is a separation with honor and is appropriate when the quality of the Soldier's service generally has met the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.

(3) Paragraph 3-7b states a General discharge is a separation from the Army under honorable conditions and is issued to a Soldier whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.

(4) Chapter 14 establishes policy and prescribes procedures for separating members for misconduct. Specific categories include minor disciplinary infractions, a pattern of misconduct, and commission of a serious offense, to include abuse of illegal drugs, convictions by civil authorities and desertion or being absent without leave. Action will be taken to separate a member for misconduct when it is clearly established that rehabilitation is impractical or unlikely to succeed.

(5) Paragraph 14-3 prescribes a discharge under other than honorable conditions is normally appropriate for a Soldier discharged under this chapter. However, the separation authority may direct a general discharge if such is merited by the Soldier's overall record.

(6) Paragraph 14-12c prescribes a Soldier is subject to action per this section for commission of a serious military or civilian offense, if the specific circumstances of the offense warrant separation and a punitive discharge is, or would be, authorized for the same or a closely related offense under the Manual for Courts-Martial.

e. Army Regulation 635-5-1 (Separation Program Designator (SPD) Codes), provides the specific authorities (regulatory or directive), reasons for separating Soldiers from active duty, and the SPD codes to be entered on the DD Form 214. It identifies the SPD code of "JKQ" as the appropriate code to assign enlisted Soldiers who are discharged under the provisions of Army Regulation 635-200, Chapter 14, paragraph 12c, misconduct (serious offense).

f. Army Regulation 601-210, (Regular Army and Reserve Components Enlistment Program), governs eligibility criteria, policies, and procedures for enlistment and processing of persons into the Regular Army, the U.S. Army Reserve, and Army National Guard for enlistment per DODI 1304.26. It also prescribes the appointment, reassignment, management, and mobilization of Reserve Officers' Training Corps cadets under the Simultaneous Membership Program. Chapter 4 provides the criteria and procedures for waiverable and nonwaiverable separations. Table 3-1, defines reentry eligibility (RE) codes: RE-3 Applies to: Person who is not considered fully qualified for reentry or continuous service at time of separation, but disqualification is waiverable. Eligibility: Ineligible unless a waiver is granted.

8. SUMMARY OF FACT(S): The Army Discharge Review Board considers applications for upgrade as instructed by Department of Defense Instruction 1332.28.

The applicant requests an upgrade to honorable. The applicant's Army Military Human Resources Record (AMHRR), the issues, and documents submitted with the application were carefully reviewed.

The applicant contends messing up and getting a DUI and does not want sympathy; just a chance to better oneself. The evidence of record shows the command attempted to assist the applicant in performing and conducting to Army standards by providing counseling and the imposition of non-judicial punishment.

The applicant contends an upgrade of the discharge will allow the applicant to obtain better employment. The Board does not grant relief to gain employment or enhance employment opportunities.

The applicant contends an upgrade would allow educational benefits through the GI Bill. Eligibility for veteran's benefits to include educational benefits under the Post-9/11 or Montgomery GI Bill does not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance.

9. BOARD DISCUSSION AND DETERMINATION:

a. As directed by the 2017 memo signed by A.M. Kurta, the board considered the following factors:

(1) Did the applicant have a condition or experience that may excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor, a voting member, reviewed the applicant's DOD and VA health records, applicant's statement, and/or civilian provider documentation and found that the applicant has the following potentially-mitigating diagnoses/experiences: Mood Disorder, Adjustment Disorder with Anxious Mood, Adjustment Disorder with Anxiety.

(2) Did the condition exist or experience occur during military service? **Yes.** The Board's Medical Advisor found the applicant is 70 percent SC for Mood Disorder.

(3) Does the condition or experience actually excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor applied liberal consideration and opined that the applicant has a BH condition that mitigates the misconduct. Given the nexus between Mood Disorder and the use of substances to self-medicate, and the nexus between Mood Disorder and avoidant and isolative behavior, the applicant's misconduct of underage drinking, DUI, and FTR is mitigated by the BH condition.

(4) Does the condition or experience outweigh the discharge? **Yes.** After applying liberal consideration to the evidence, including the Board Medical Advisor opine, the Board determined that the applicant's Mood Disorder outweighed the applicant's offenses of underage drinking, DUI, and FTR.

b. Response to Contention(s):

(1) The applicant contends messing up and getting a DUI and does not want sympathy; just a chance to better oneself. The Board considered the totality of the applicant's service

record, including the applicant's behavioral health condition. The Board determined that the applicant's Mood Disorder outweighed the applicant's offenses of underage drinking, DUI, and FTR. Therefore, a discharge upgrade is warranted.

(2) The applicant contends an upgrade of the discharge will allow the applicant to obtain better employment. The Board considered this contention but does not grant relief to gain employment or enhance employment opportunities.

(3) The applicant contends an upgrade would allow educational benefits through the GI Bill. The Board considered this contention and determined that eligibility for Veteran's benefits, to include educational benefits under the Post-9/11 or Montgomery GI Bill, healthcare or VA loans, do not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance.

c. The Board determined the discharge is inequitable based on the applicant's Mood Disorder outweighing the applicant's offenses of underage drinking, DUI, and FTR. Therefore, the Board voted to grant relief in the form of an upgrade of the characterization of service to Honorable and changed to the separation authority to AR 635-200, paragraph 14-12a, the narrative reason for separation to Misconduct (Minor Infractions), with a corresponding separation code of JKN. The Board determined the reentry code is proper and equitable and voted not to change it.

d. Rationale for Decision:

(1) The Board voted to change the applicant's characterization of service to Honorable because the applicant's Mood Disorder outweighed the applicant's offenses of underage drinking, DUI, and FTR. Thus, the prior characterization is no longer appropriate.

(2) The Board voted to change the reason for discharge to Misconduct (Minor Infractions) under the same pretexts, thus the reason for discharge is no longer appropriate. The SPD code associated with the new reason for discharge is JKN.

(3) The RE code will not change, as the current code is consistent with the procedural and substantive requirements of the regulation.
