- 7. **STATUTORY, REGULATORY AND POLICY REFERENCE(S):**

a. Section 1553, Title 10, United States Code (Review of Discharge or Dismissal) provides for the creation, composition, and scope of review conducted by a Discharge Review Board(s) within established governing standards. As amended by Sections 521 and 525 of the National Defense Authorization Act for Fiscal Year 2020, 10 USC 1553 provides specific guidance to the Military Boards for Correction of Military/Naval Records and Discharge Review Boards when considering discharge upgrade requests by Veterans claiming Post Traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI), sexual trauma, intimate partner violence (IPV), or spousal abuse, as a basis for discharge review. The amended guidance provides that Boards will include, as a voting board member, a physician trained in mental health disorders, a clinical

psychologist, or a psychiatrist when the discharge upgrade claim asserts a mental health condition, including PTSD, TBI, sexual trauma, IPV, or spousal abuse, as a basis for the discharge. Further, the guidance provides that Military Boards for Correction of Military/Naval Records and Discharge Review Boards will develop and provide specialized training specific to sexual trauma, IPV, spousal abuse, as well as the various responses of individuals to trauma.

**b.** Multiple Department of Defense Policy Guidance Memoranda published between 2014 and 2018. The documents are commonly referred to by the signatory authorities' last names (2014 Secretary of Defense Guidance [Hagel memo], 2016 Acting Principal Deputy Under Secretary of Defense for Personnel and Readiness [Carson memo], 2017 Official Performing the Duties of the Under Secretary of Defense for Personnel and Readiness [Kurta memo], and 2018 Under Secretary of Defense for Personnel and Readiness [Wilkie memo]).

**(1)** Individually and collectively, these documents provide further clarification to the Military Discharge Review Boards and Boards for Correction of Military/Naval Records when considering requests by Veterans for modification of their discharge due to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Liberal consideration will be given to Veterans petitioning for discharge relief when the application for relief is based in whole or in part on matters relating to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Special consideration will be given to Department of Veterans Affairs (VA) determinations that document a mental health condition, including PTSD; TBI; or sexual assault/harassment potentially contributed to the circumstances resulting in a less than honorable discharge characterization. Special consideration will also be given in cases where a civilian provider confers diagnoses of a mental health condition, including PTSD; TBI; or sexual assault/harassment if the case records contain narratives supporting symptomatology at the time of service or when any other evidence which may reasonably indicate that a mental health condition, including PTSD; TBI; or sexual assault/harassment existed at the time of discharge might have mitigated the misconduct that caused a discharge of lesser characterization.

**(2)** Conditions documented in the service record that can reasonably be determined to have existed at the time of discharge will be considered to have existed at the time of discharge. In cases in which a mental health condition, including PTSD; TBI; or sexual assault/harassment may be reasonably determined to have existed at the time of discharge, those conditions will be considered potential mitigating factors in the misconduct that caused the characterization of service in question. All Boards will exercise caution in weighing evidence of mitigation in cases in which serious misconduct precipitated a discharge with a less than Honorable characterization of service. Potentially mitigating evidence of the existence of undiagnosed combat related PTSD, PTSD-related conditions due to TBI or sexual assault/harassment as causative factors in the misconduct resulting in discharge will be carefully weighed against the severity of the misconduct. PTSD is not a likely cause of premeditated misconduct. Caution shall be exercised in weighing evidence of mitigation in all cases of misconduct by carefully considering the likely causal relationship of symptoms to the misconduct.

**c.** Army Regulation 15-180 (Army Discharge Review Board), sets forth the policies and procedures under which the Army Discharge Review Board is authorized to review the character, reason, and authority of any Servicemember discharged from active military service within 15 years of the Servicemember's date of discharge. Additionally, it prescribes actions and composition of the Army Discharge Review Board under Public Law 95-126; Section 1553, Title 10 United States Code; and Department of Defense Directive 1332.41 and Instruction 1332.28.

**d.** Army Regulation 635-200 (Active Duty Enlisted Administrative Separations), provides the basic authority for the separation of enlisted personnel.

(1) Chapter 3, Section II provides the authorized types of characterization of service or description of separation.

(2) Paragraph 3-7a states an Honorable discharge is a separation with honor and is appropriate when the quality of the Soldier's service generally has met the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.

(3) Paragraph 3-7b states a General discharge is a separation from the Army under honorable conditions and is issued to a Soldier whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.

(4) Paragraph 3-7c states Under Other Than Honorable Conditions discharge is an administrative separation from the Service under conditions other than honorable and it may be issued for misconduct, fraudulent entry, security reasons, or in lieu of trial by court martial based on certain circumstances or patterns of behavior or acts or omissions that constitute a significant departure from the conduct expected of Soldiers in the Army.

(5) Chapter 14 establishes policy and prescribes procedures for separating members for misconduct. Specific categories include minor disciplinary infractions, a pattern of misconduct, and commission of a serious offense, to include abuse of illegal drugs, convictions by civil authorities and desertion or being absent without leave. Action will be taken to separate a member for misconduct when it is clearly established that rehabilitation is impractical or unlikely to succeed.

(6) Paragraph 14-3, prescribes a discharge under other than honorable conditions is normally appropriate for a Soldier discharged under this chapter. However, the separation authority may direct a general discharge if such is merited by the Soldier's overall record.

(7) Section II, Paragraph 14-5, prescribes conditions which subject a Soldier to discharge and reduction in grade. A Soldier may be considered for discharge when initially convicted by civil authorities, or when action is taken that is tantamount to a finding of guilty, if one of the following conditions is present. This includes similar adjudication in juvenile proceedings: 1) A punitive discharge authorized for the same or a closely related offense under the MCM 2002, as amended; 2) The sentence by civil authorities includes confinement for 6 months or more, without regard to suspension or probation. Adjudication in juvenile proceedings includes adjudication as a juvenile delinquent, wayward minor, or youthful offender; Initiation of separation action is not mandatory. Although the conditions established in a (1) or (2), above, are present, the immediate commander must also consider whether the specific circumstances of the offense warrant separation. If the immediate commander initiates separation action, the case will be processed through the chain of command to the separation authority for appropriate action. A Soldier convicted by a civil court or adjudged a juvenile offender by a civil court will be reduced or considered for reduction.

e. Army Regulation 635-5-1 (Separation Program Designator (SPD) Codes), provides the specific authorities (regulatory or directive), reasons for separating Soldiers from active duty, and the SPD codes to be entered on the DD Form 214. It identifies the SPD code of "JKB" as the appropriate code to assign enlisted Soldiers who are discharged under the provisions of Army Regulation 635-200, Chapter 14, section II, misconduct (civil conviction).

f. Army Regulation 601-210, (Regular Army and Reserve Components Enlistment Program), governs eligibility criteria, policies, and procedures for enlistment and processing of persons into the Regular Army, the U.S. Army Reserve, and Army National Guard for enlistment

per DODI 1304.26. It also prescribes the appointment, reassignment, management, and mobilization of Reserve Officers' Training Corps cadets under the Simultaneous Membership Program. Chapter 4 provides the criteria and procedures for waiverable and nonwaiverable separations. Table 3-1, defines reentry eligibility (RE) codes: RE-3 Applies to: Person who is not considered fully qualified for reentry or continuous service at time of separation, but disqualification is waiverable. Eligibility: Ineligible unless a waiver is granted.

**8. SUMMARY OF FACT(S):** The Army Discharge Review Board considers applications for upgrade as instructed by Department of Defense Instruction 1332.28.

The applicant requests an upgrade to honorable.

The applicant contends serving in Iraq and having PTSD and needs help. The applicant did not submit any evidence, other than the applicant's statement, to support the contention the discharge resulted from any medical condition. The applicant's AMHRR contains no documentation of PTSD diagnosis. The AMHRR does not contain a mental status evaluation (MSE).

The applicant contends being denied services for a positive urinalysis. Army Regulation 600-85, paragraph 7-3 entitled voluntary (self) identification and referral, states voluntary (self) ID is the most desirable method of identifying substance use disorder. The individual whose performance, social conduct, interpersonal relations, or health becomes impaired because of these problems has the personal obligation to seek help. Soldiers seeking self-referral for problematic substance use may access services through BH services for a SUD evaluation. The Limited Use Policy exists to encourage Soldiers to proactively seek help.

The applicant contends an upgrade of the discharge would allow veterans benefits. Eligibility for veteran's benefits does not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance.

The applicant contends an upgrade would allow educational benefits through the GI Bill. Eligibility for veteran's benefits to include educational benefits under the Post-9/11 or Montgomery GI Bill does not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance.

#### **9. BOARD DISCUSSION AND DETERMINATION:**

a. As directed by the 2017 memo signed by A.M. Kurta, the board considered the following factors:

(1) Did the applicant have a condition or experience that may excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor, a voting member, reviewed the applicant's DOD and VA health records, applicant's statement, and/or civilian provider documentation and found that the applicant has the following potentially-mitigating diagnoses/experiences: None. However, the applicant asserts PTSD, which may be sufficient evidence to establish the existence of a condition that could mitigate or excuse the discharge.

(2) Did the condition exist or experience occur during military service? **Yes.** The Board's Medical Advisor found that the applicant self-asserted having PTSD during military service.

(3) Does the condition or experience actually excuse or mitigate the discharge? **No.** The Board's Medical Advisor applied liberal consideration and opined that the applicant self-asserts PTSD. However, there is no medical documentation to support the applicant's asserted PTSD. The applicant was not diagnosed in service with any BH conditions, and the VA has not service connected any BH conditions. The VA evaluated the applicant for PTSD in January 2022 and found that the applicant did not meet criteria for military-related PTSD. As such, the applicant's asserted PTSD is not supported by medical evidence and provides no mitigation for the basis of separation. Furthermore, PTSD does not have a natural sequela with attempted assault and would not have provided mitigation in this applicant's case even if there was medical evidence to support the asserted PTSD.

(4) Does the condition or experience outweigh the discharge? **No.** After applying liberal consideration to the evidence, including the Board Medical Advisor opine, the Board determined that the available evidence did not support a conclusion that the applicant's self-asserted Post Traumatic Stress Disorder outweighed the applicant's medically unmitigated offense of attempted assault.

**b. Response to Contention(s):**

(1) The applicant contends serving in Iraq and having PTSD and needing help. The Board liberally considered this contention but determined that the available evidence did not support a conclusion that the applicant's self-asserted Post Traumatic Stress Disorder outweighed the applicant's medically unmitigated offense of attempted assault.

(2) The applicant contends being denied services for a positive urinalysis. The Board considered this contention but determined that the applicant's failed UA was not the basis of separation and that any mitigation of that offense would not impact the applicant's discharge.

(3) The applicant contends an upgrade would allow educational benefits through the GI Bill. The Board considered this contention and determined that eligibility for Veteran's benefits, to include educational benefits under the Post-9/11 or Montgomery GI Bill, healthcare or VA loans, do not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance.

**c.** The Board determined that the discharge is, at this time, proper and equitable, in light of the current evidence of record. The applicant has exhausted all available appeal options available with ADRB. However, the applicant may still apply to the Army Board for Correction of Military Records. The applicant is responsible for satisfying the burden of proof and providing documents or other evidence sufficient to support the applicant's contention(s) that the discharge was improper or inequitable.

**d. Rationale for Decision:**

(1) The Board voted not to change the applicant's characterization of service because, despite applying liberal consideration to all the evidence before the Board, the applicant's self-asserted Post Traumatic Stress Disorder did not outweigh the applicant's medically unmitigated attempted assault offense. The Board also considered the applicant's contention regarding not being offered services and not being reprimanded for a failed urinalysis but found that the totality of the applicant's record does not warrant a discharge upgrade. The applicant did not present any issues of impropriety for the Board's consideration. The discharge was consistent with the procedural and substantive requirements of the regulation, was within the discretion of the separation authority, and the applicant was provided full administrative due process.

**ARMY DISCHARGE REVIEW BOARD CASE REPORT AND DIRECTIVE**

**AR20210001103**

Therefore, the applicant's Under Other Than Honorable Conditions discharge was proper and equitable as the applicant's conduct fell below that level of satisfactory service warranting a General discharge or meritorious service warranted for an upgrade to Honorable discharge.

(2) The Board voted not to change the applicant's reason for discharge or accompanying SPD code under the same pretexts, and the reason the applicant was discharged was both proper and equitable.

(3) The RE code will not change, as the current code is consistent with the procedural and substantive requirements of the regulation.

**10. BOARD ACTION DIRECTED:**

- a. **Issue a New DD-214 / Separation Order:** No
- b. **Change Characterization to:** No Change
- c. **Change Reason / SPD Code to:** No Change
- d. **Change RE Code to:** No Change
- e. **Change Authority to:** No Change
