7. STATUTORY, REGULATORY AND POLICY REFERENCE(S):

- **a.** Title 10, U.S. Code, Section 1553, (Review of Discharge or Dismissal) provides for the creation, composition, and scope of review conducted by a Discharge Review Board(s) within established governing standards. As amended by Sections 521 and 525 of the National Defense Authorization Act for Fiscal Year 2020, Title 10, U.S. Code, Section 1553 provides specific guidance to the Military Boards for Correction of Military/Naval Records and Discharge Review Boards when considering discharge upgrade requests by Veterans claiming Post Traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI), sexual trauma, intimate partner violence (IPV), or spousal abuse, as a basis for discharge review. The amended guidance provides that Boards will include, as a voting board member, a physician trained in mental health disorders, a clinical psychologist, or a psychiatrist when the discharge upgrade claim asserts a mental health condition, including PTSD, TBI, sexual trauma, IPV, or spousal abuse, as a basis for the discharge. Further, the guidance provides that Military Boards for Correction of Military/Naval Records and Discharge Review Boards will develop and provide specialized training specific to sexual trauma, IPV, spousal abuse, as well as the various responses of individuals to trauma.
- **b.** Multiple Department of Defense (DoD) Policy Guidance Memoranda published between 2014 and 2018. The documents are commonly referred to by the signatory authorities' last names (2014 Secretary of Defense Guidance [Hagel memo], 2016 Acting Principal Deputy Under Secretary of Defense for Personnel and Readiness [Carson memo], 2017 Official Performing the Duties of the Under Secretary of Defense for Personnel and Readiness [Kurta memo], and 2018 Under Secretary of Defense for Personnel and Readiness [Wilkie memo].
- (1) Individually and collectively, these documents provide further clarification to the Military Discharge Review Boards and Boards for Correction of Military/Naval Records when considering requests by Veterans for modification of their discharge due to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Liberal consideration will be given to Veterans petitioning for discharge relief when the application for relief is based in whole or in part on matters relating to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Special consideration will be given to Department of Veterans Affairs (VA) determinations that document a mental health condition, including PTSD; TBI; or sexual assault/harassment potentially contributed to the circumstances resulting in a less than

honorable discharge characterization. Special consideration will also be given in cases where a civilian provider confers diagnoses of a mental health condition, including PTSD; TBI; or sexual assault/harassment if the case records contain narratives supporting symptomatology at the time of service or when any other evidence which may reasonably indicate that a mental health condition, including PTSD; TBI; or sexual assault/harassment existed at the time of discharge might have mitigated the misconduct that caused a discharge of lesser characterization.

- (2) Conditions documented in the service record that can reasonably be determined to have existed at the time of discharge will be considered to have existed at the time of discharge. In cases in which a mental health condition, including PTSD; TBI; or sexual assault/harassment may be reasonably determined to have existed at the time of discharge, those conditions will be considered potential mitigating factors in the misconduct that caused the characterization of service in question. All Boards will exercise caution in weighing evidence of mitigation in cases in which serious misconduct precipitated a discharge with a less than Honorable characterization of service. Potentially mitigating evidence of the existence of undiagnosed combat related PTSD, PTSD-related conditions due to TBI or sexual assault/harassment as causative factors in the misconduct resulting in discharge will be carefully weighed against the severity of the misconduct. PTSD is not a likely cause of premeditated misconduct. Caution shall be exercised in weighing evidence of mitigation in all cases of misconduct by carefully considering the likely causal relationship of symptoms to the misconduct.
- **c.** Army Regulation 15-180 (Army Discharge Review Board) sets forth the policies and procedures under which the Army Discharge Review Board is authorized to review the character, reason, and authority of any Servicemember discharged from active military service within 15 years of the Servicemember's date of discharge. Additionally, it prescribes actions and composition of the Army Discharge Review Board under Public Law 95-126; Title 10, U.S. Code, Section 1553; and DoD Directive 1332.41 and DoD Instruction 1332.28.
- **d.** Army Regulation 635-200 (Active Duty Enlisted Administrative Separations), 19 December 2016, set policies, standards, and procedures to ensure the readiness and competency of the force while providing for the orderly administrative separation of Soldiers for a variety of reasons. Readiness is promoted by maintaining high standards of conduct and performance.
- (1) An Honorable discharge is a separation with honor and is appropriate when the quality of the Soldier's service generally has met the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.
- **(2)** A General discharge is a separation from the Army under honorable conditions and is issued to a Soldier whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.
- (3) A Under Other Than Honorable Conditions Discharge is an administrative separation from the Service under conditions other than honorable. It may be issued for misconduct, fraudulent entry, security reasons, or in lieu of trial by court-martial.
- (4) Chapter 14 (Separation for Misconduct) established policy and prescribed procedures for separating members for misconduct. Action will be taken to separate a member for misconduct when it is clearly established that rehabilitation is impractical or unlikely to succeed. Paragraph 14-12c (2) (Abuse of Illegal Drugs is Serious Misconduct), stated, however; relevant facts may mitigate the nature of the offense. Therefore, a single drug abuse offense may be combined with one or more minor disciplinary infractions or incidents of other

misconduct and processed for separation. A discharge under other than honorable conditions is normally appropriate for a Soldier discharged under this chapter. However, the separation authority may direct a general discharge if such is merited by the Soldier's overall record.

- (5) Chapter 15 (Secretarial Plenary Authority), currently in effect, provides explicitly for separation under the prerogative of the Secretary of the Army. Secretarial plenary separation authority is exercised sparingly and seldom delegated. Ordinarily, it is used when no other provision of this regulation applies, and early separation is clearly in the Army's best interest. Separations under this paragraph are effective only if approved in writing by the Secretary of the Army or the Secretary's approved designee as announced in updated memoranda. Secretarial separation authority is normally exercised on a case-by-case basis.
- **e.** Army Regulation 635-5-1 (Separation Program Designator (SPD) Codes) provides the specific authorities (regulatory or directive), reasons for separating Soldiers from active duty, and the SPD codes to be entered on the DD Form 214. It identifies the SPD code of "JKK" as the appropriate code to assign enlisted Soldiers who are discharged under the provisions of Army Regulation 635-200, Chapter 14, paragraph 12c (2), misconduct (drug abuse).
- f. Army Regulation 601-210 (Regular Army and Reserve Components Enlistment Program) governs eligibility criteria, policies, and procedures for enlistment and processing of persons into the Regular Army, the U.S. Army Reserve, and Army National Guard for enlistment per DoD Instructions 1304.26. It also prescribes the appointment, reassignment, management, and mobilization of Reserve Officers' Training Corps cadets under the Simultaneous Membership Program. Chapter 4 provides the criteria and procedures for waiverable and nonwaiverable separations. Table 3-1, defines reentry eligibility (RE) codes:
- (1) RE-1 Applies to: Person completing his or her term of active service who is considered qualified to reenter the U.S. Army. Eligibility: Qualified for enlistment if all other criteria are met.
- **(2)** RE-3 Applies to: Person who is not considered fully qualified for reentry or continuous service at time of separation, but disqualification is waiverable. Eligibility: Ineligible unless a waiver is granted.
- (3) RE-4 Applies to: Person separated from last period of service with a nonwaiverable disqualification. This includes anyone with a DA imposed bar to reenlistment in effect at time of separation or separated for any reason (except length of service retirement) with 18 or more years active Federal service. Eligibility: Ineligible for enlistment.
- **g.** Army Regulation 600-85 (Army Substance Abuse Program (ASAP)) dated 28 November 2016, provided a comprehensive alcohol and drug abuse prevention and control policies, procedures, and responsibilities for Soldiers of all components. The ASAP is a command program that emphasizes readiness and personal responsibility. The ultimate decision regarding separation or retention of abusers is the responsibility of the Soldier's chain of command. Abuse of alcohol or the use of illicit drugs by military personnel is inconsistent with Army Values, the Warrior Ethos, and the standards of performance, discipline, and readiness necessary to accomplish the Army's mission.
- (1) Unit commanders must intervene early and refer all Soldiers suspected or identified as alcohol and/or drug abusers to the ASAP. The unit commander should recommend enrollment based on the Soldier's potential for continued military service in terms of professional skills, behavior, and potential for advancement.

- (2) ASAP participation is mandatory for all Soldiers who are command referred. Failure to attend a mandatory counseling session may constitute a violation of Article 86 (Absence Without Leave) of the UCMJ.
- (3) Alcohol and/or other drug abusers, and in some cases dependent alcohol users, may be enrolled in the ASAP when such enrollment is clinically recommended. Soldiers who fail to participate adequately in, or to respond successfully to, rehabilitation will be processed for administrative separation and not be provided another opportunity for rehabilitation except under the most extraordinary circumstances, as determined by the Clinical Director in consultation with the unit commander.
- (4) All Soldier who test positive for illicit drugs for the first time will be evaluated for dependency, disciplined, as appropriate, and processed for separation within 30 calendar days of the company commander receiving notification of the positive result from the ASAP. Retention should be reserved for Soldiers that show clear potential for both excellent future service in the Army and for remaining free from substance abuse. Soldiers diagnosed as drug dependent will be offered rehabilitation prior to separation.
- h. Manual for Courts-Martial, United States (2016 Edition) stated, military law consists of the statutes governing the military establishment and regulations issued thereunder, the constitutional powers of the President and regulations issued thereunder, and the inherent authority of military commanders. Military law includes jurisdiction exercised by courts-martial and the jurisdiction exercised by commanders with respect to nonjudicial punishment. The purpose of military law is to promote justice, to assist in maintaining good order and discipline in the Armed Forces. Appendix 12 (Maximum Punishment Chart) Manual for Courts-Martial shows the maximum punishments include punitive discharge for violating the following Article 112a (Wrongful Use, Possession, etc., of Controlled Substances).

8. SUMMARY OF FACT(S):

- **a.** The Army Discharge Review Board considers applications for upgrade as instructed by Department of Defense Instruction 1332.28.
- **b.** A review of the available evidence provides an administrative irregularity in the proper retention of records, specifically the AMHRR is void of the case files for approved separation. Due to the lack of evidence the specific facts and circumstances surrounding the pattern of misconduct to be discharged under the provision on Army Regulation 635-200, paragraph 14-12b are unknown. Notwithstanding the absence of records, the DD Form 214, provides the applicant was discharged with a character of service of general (under honorable conditions) for a pattern of misconduct. They completed 1 year, 4 months, and 20 days of their 4-year, 19 week contractual obligation.
- **c.** Chapter 14 establishes policy and prescribes procedures for separation members for misconduct. Specific categories include minor disciplinary infractions, a pattern of misconduct, commission of a serious offense and convictions by civil authorities. Action will be taken to separate a member for misconduct when it is clearly established that rehabilitation is impracticable or is unlikely to succeed. A discharge under other than honorable conditions is normally appropriate for a Soldier discharged under this chapter. However, the separation authority may direct a general discharge if such is merited by the Soldier's overall record.
- **d.** Published Department of Defense guidance indicates that the guidance is not intended to interfere or impede on the Board's statutory independence. The Board will determine the relative weight of the action that led to the discharge and whether it supports relief or not. In

reaching its determination, the Board shall consider the applicant's petition, available records and/or submitted documents in support of the petition.

9. BOARD DISCUSSION AND DETERMINATION:

a.	As directed by the 2017	memo signed by	the board	considered	the f	ollowing
fac	ctors:	-				

- (1) Did the applicant have a condition or experience that may excuse or mitigate the discharge? **No.** The Board's Medical Advisor reviewed DoD and VA medical records and found no mitigating BH diagnoses on the applicant. The applicant provided no documents or testimony of a condition or experience, that, when applying liberal consideration, could have excused, or mitigated a discharge.
 - (2) Did the condition exist, or experience occur during military service? N/A
 - (3) Does the condition or experience actually excuse or mitigate the discharge? N/A
 - (4) Does the condition or experience outweigh the discharge? N/A
 - **b.** Response to Contention(s):
- (1) The applicant contends their commander was too drastic with their discharge, they promised them that with their discharge they would be getting a reentry code "3," instead they received a reentry code of "4." The board considered this contention and voted to maintain the RE-4. The reentry code the applicant received is in accordance with AR 601-210, Table 3-1 which states that a RE-4 applies to a Soldier separated from the last period of service with a nonwaiverable disqualification. Therefore, the applicant is not eligible for reenlistment at this time.
- **(2)** The applicant contends they don't need their discharge to be changed to honorable, but they would greatly appreciate a reentry code of "3" and a waiver of policy to reenlist. The board considered this contention recognizes and appreciates the applicant's willingness to serve however, the board voted to maintain the RE-4 which is a non-waivable code.
- **d.** The Board determined that the discharge is, at this time, proper and equitable, in light of the current evidence of record. However, the applicant may request a personal appearance hearing to address the issues before the board. The applicant is responsible for satisfying the burden of proof and providing documents or other evidence sufficient to support the applicant's contention(s) that the discharge was improper or inequitable.

e. Rationale for Decision:

- (1) The Board voted not to change the applicant's characterization of service because, despite applying liberal consideration of all the evidence before the board, the applicant did not have any mitigating BH for the board to consider. The discharge was consistent with the procedural and substantive requirements of the regulation, was within the discretion of the separation authority, and the applicant was provided full administrative due process.
- (2) The Board voted not to change the applicant's reason for discharge or accompanying SPD code under the same pretexts, as the reason the applicant was discharged was both proper and equitable.

(3) The RE code will not change, as the current code is consistent with the procedural and substantive requirements of the regulation.

a. Issue a New DD-214 / Separation Order: No

b. Change Characterization to: No Change

c. Change Reason / SPD code to: No Change
