

1. Applicant's Name: [REDACTED]

a. **Application Date:** 23 May 2021

b. **Date Received:** 24 May 2021

c. **Counsel:** None.

2. REQUEST, ISSUES, BOARD TYPE, AND DECISION:

a. **Applicant's Requests and Issues:** The current characterization of service for the period under review is under honorable conditions (general). The applicant requests an upgrade to honorable, and a narrative reason change.

(1) The applicant states effect, during their attendance of the Alcohol Substance Abuse Program (ASAP) for a positive urinalysis (marijuana usage), their first offense, they remained in compliance with all program requirements, including: counseling, daily urinalysis throughout their attendance which lasted up until their separation. 90 days had passed and after they attended a briefing with their First Sergeant, they were informed that their rank would not be reinstated (E-3) due to their non-deployable status because of their HIV positive diagnosis, additionally they were informed that they were going to be relieved of their military duties.

(2) An upgrade in their characterization of service would be a great benefit. It would provide them the opportunity to re-enter the civilian career field, as a professional while also providing support. Not having a formal education has been a major setback for them over the years, which has also caused other personal issues such as depression and unstable health. Currently they are in better condition mentally and health-wise, but they are still unstable financially and at home. Their goal is to access education benefits via the G.I. BILL so that they may receive a formal education and continue to advance personally, they are interested in pursuing a career in Environmental Science/Ecology.

b. **Board Type and Decision:** In a records review conducted on 5 March 2025, and by a 5-0 vote, the Board determined the discharge is inequitable based on the applicant's PTSD mitigating the applicant's wrongful use of marijuana basis of separation. Therefore, the Board voted to grant relief in the form of an upgrade of the characterization of service to Honorable and changed to separation authority to AR 635-200, paragraph 14-12a. Accordingly, the narrative reason for separation was changed to Misconduct (Minor Infractions), with a corresponding separation code of JKN. The Board voted and determined the reentry eligibility (RE) code was proper and equitable due to applicant's BH diagnosis warranting consideration prior to reentry of military service.

Please see Section 9 of this document for more detail regarding the Board's decision.

7. STATUTORY, REGULATORY AND POLICY REFERENCE(S):

a. Section 1553, Title 10, United States Code (Review of Discharge or Dismissal) provides for the creation, composition, and scope of review conducted by a Discharge Review Board(s) within established governing standards. As amended by Sections 521 and 525 of the National Defense Authorization Act for Fiscal Year 2020, 10 USC 1553 provides specific guidance to the Military Boards for Correction of Military/Naval Records and Discharge Review Boards when considering discharge upgrade requests by Veterans claiming Post Traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI), sexual trauma, intimate partner violence (IPV), or spousal abuse, as a basis for discharge review. The amended guidance provides that Boards will include, as a voting board member, a physician trained in mental health disorders, a clinical psychologist, or a psychiatrist when the discharge upgrade claim asserts a mental health condition, including PTSD, TBI, sexual trauma, IPV, or spousal abuse, as a basis for the discharge. Further, the guidance provides that Military Boards for Correction of Military/Naval Records and Discharge Review Boards will develop and provide specialized training specific to sexual trauma, IPV, spousal abuse, as well as the various responses of individuals to trauma.

b. Multiple Department of Defense Policy Guidance Memoranda published between 2014 and 2018. The documents are commonly referred to by the signatory authorities' last names (2014 Secretary of Defense Guidance [Hagel memo], 2016 Acting Principal Deputy Under Secretary of Defense for Personnel and Readiness [Carson memo], 2017 Official Performing the Duties of the Under Secretary of Defense for Personnel and Readiness [Kurta memo], and 2018 Under Secretary of Defense for Personnel and Readiness [Wilkie memo].

(1) Individually and collectively, these documents provide further clarification to the Military Discharge Review Boards and Boards for Correction of Military/Naval Records when considering requests by Veterans for modification of their discharge due to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Liberal consideration will be given to Veterans petitioning for discharge relief when the application for relief is based in whole or in part on matters relating to mental health conditions, including PTSD; TBI; sexual assault; or sexual harassment. Special consideration will be given to Department of Veterans Affairs (VA) determinations that document a mental health condition, including PTSD; TBI; or sexual assault/harassment potentially contributed to the circumstances resulting in a less than honorable discharge characterization. Special consideration will also be given in cases where a civilian provider confers diagnoses of a mental health condition, including PTSD; TBI; or sexual assault/harassment if the case records contain narratives supporting symptomatology at the time of service or when any other evidence which may reasonably indicate that a mental health condition, including PTSD; TBI; or sexual assault/harassment existed at the time of discharge might have mitigated the misconduct that caused a discharge of lesser characterization.

(2) Conditions documented in the service record that can reasonably be determined to have existed at the time of discharge will be considered to have existed at the time of discharge. In cases in which a mental health condition, including PTSD; TBI; or sexual assault/harassment

may be reasonably determined to have existed at the time of discharge, those conditions will be considered potential mitigating factors in the misconduct that caused the characterization of service in question. All Boards will exercise caution in weighing evidence of mitigation in cases in which serious misconduct precipitated a discharge with a less than Honorable characterization of service. Potentially mitigating evidence of the existence of undiagnosed combat related PTSD, PTSD-related conditions due to TBI or sexual assault/harassment as causative factors in the misconduct resulting in discharge will be carefully weighed against the severity of the misconduct. PTSD is not a likely cause of premeditated misconduct. Caution shall be exercised in weighing evidence of mitigation in all cases of misconduct by carefully considering the likely causal relationship of symptoms to the misconduct.

c. Army Regulation 15-180 (Army Discharge Review Board), dated 25 September 2019, sets forth the policies and procedures under which the Army Discharge Review Board is authorized to review the character, reason, and authority of any Servicemember discharged from active military service within 15 years of the Servicemember's date of discharge. Additionally, it prescribes actions and composition of the Army Discharge Review Board under Public Law 95-126; Section 1553, Title 10 United States Code; and Department of Defense Directive 1332.41 and Instruction 1332.28.

d. Army Regulation 635-200 provides the basic authority for the separation of enlisted personnel provides the authorized types of characterization of service or description of separation.

(1) An Honorable discharge is a separation with honor and is appropriate when the quality of the Soldier's service generally has met the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.

(2) A General discharge is a separation from the Army under honorable conditions and is issued to a Soldier whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.

(3) An Under other-than-honorable-conditions discharge is an administrative separation from the Service under conditions other than honorable and it may be issued for misconduct, fraudulent entry, security reasons, or in lieu of trial by court martial based on certain circumstances or patterns of behavior or acts or omissions that constitute a significant departure from the conduct expected of Soldiers in the Army.

(4) Except as otherwise indicated in this regulation, commanders must make maximum use of counseling and rehabilitation before determining that a Soldier has no potential for further useful service and, therefore, should be separated. In this regard, commanders will ensure that adequate counseling and rehabilitative measures are taken before initiating separation proceedings for the following reasons. Rehabilitative requirements are not required for individuals separated under Chapter 14-12c.

- Involuntary separation due to parenthood
- Personality disorder
- Other designated physical or mental conditions
- Entry-level performance and conduct
- Unsatisfactory performance
- Minor disciplinary infractions or a pattern of misconduct
- Failure to meet body fat standards.

(5) Chapter 14 establishes policy and prescribes procedures for separating members for misconduct. Specific categories include minor disciplinary infractions, a pattern of misconduct, and commission of a serious offense, to include abuse of illegal drugs, convictions by civil authorities and desertion or being absent without leave. Action will be taken to separate a member for misconduct when it is clearly established that rehabilitation is impractical or unlikely to succeed. A discharge under other than honorable conditions is normally appropriate for a Soldier discharged under this chapter. However, the separation authority may direct a general discharge if such is merited by the Soldier's overall record. A soldier subject to this discharge under this regulation will be considered and processed for discharge even though he/she has filed an appeal or has stated his/her intention to do so. Paragraph 14-12c, states a Soldier is subject to action per this section for commission of a serious military or civilian offense, if the specific circumstances of the offense warrant separation and a punitive discharge is, or would be, authorized for the same or a closely related offense under the Manual for Courts-Martial.

e. Army Regulation 635-5-1 (Separation Program Designator (SPD) Codes) provides the specific authorities (regulatory or directive), reasons for separating Soldiers from active duty, and the SPD codes to be entered on the DD Form 214. It identifies the SPD code of "JKK" as the appropriate code to assign enlisted Soldiers who are discharged under the provisions of Army Regulation 635-200, Chapter 14, paragraph 12c, misconduct (drug abuse).

f. Title 38, U.S. Code, Sections 1110 and 1131, permits the VA to award compensation for a medical condition which was incurred in or aggravated by active military service. The VA, however, is not required by law to determine medical unfitness for further military service. The VA, in accordance with its own policies and regulations, awards compensation solely on the basis that a medical condition exists and that said medical condition reduces or impairs the social or industrial adaptability of the individual concerned. Consequently, due to the two concepts involved, an individual's medical condition, although not considered medically unfitting for military service at the time of processing for separation, discharge, or retirement, may be sufficient to qualify the individual for VA benefits based on an evaluation by the agency.

g. Army Regulation 601-210, Regular Army, and Reserve Components Enlistment Program, governs eligibility criteria, policies, and procedures for enlistment and processing of persons into the Regular Army, the U.S. Army Reserve, and Army National Guard for enlistment per DODI 1304.26. It also prescribes the appointment, reassignment, management, and mobilization of Reserve Officers' Training Corps cadets under the Simultaneous Membership Program. Chapter 4 provides the criteria and procedures for waiverable and nonwaiverable separations. Table 3-1, defines reentry eligibility (RE) codes:

- RE-1 Applies to: Person completing his or her term of active service who is considered qualified to reenter the U.S. Army. Eligibility: Qualified for enlistment if all other criteria are met.
- RE-3 Applies to: Person who is not considered fully qualified for reentry or continuous service at time of separation, but disqualification is waiverable. Eligibility: Ineligible unless a waiver is granted.
- RE-4 Applies to: Person separated from last period of service with a nonwaiverable disqualification. This includes anyone with a DA imposed bar to reenlistment in effect at time of separation or separated for any reason (except length of service retirement) with 18 or more years active Federal service. Eligibility: Ineligible for enlistment.

8. SUMMARY OF FACT(S): The Army Discharge Review Board considers applications for upgrade as instructed by Department of Defense Instruction 1332.28.

a. The applicant requests an upgrade to honorable and a narrative reason change. The applicant's DD-214 provides that the applicant received a General (under honorable conditions) characterization of service, rather than an under other than honorable conditions (UOTHC) discharge.

b. A Review of the record provides administrative irregularity occurred in the proper retention of official records, specifically, the AMHRR is void of the applicant's entire separation packet to include documentation to support if the applicant consulted with counsel and if they received the required medical and mental separation examinations. Due to the lack of evidence, we are unable to provide all the specific facts and circumstances surrounding the applicant's involuntary separation. A DD Form 214 authenticated by the applicant's signature indicates they were discharged under the provisions of AR 635-200, CH 14-12c, by reason of misconduct (Drug Abuse) with a general, under honorable conditions characterization of service on 8 October 2008.

c. Chapter 14 establishes policy and prescribes procedures for members being separated for misconduct. Specific categories include minor disciplinary infractions, a pattern of misconduct, commission of a serious offense and convictions by civil authorities. Action will be taken to separate a member for misconduct when it is clearly established that rehabilitation is impracticable or is unlikely to succeed. A discharge under other than honorable conditions is normally appropriate for a soldier discharged under this chapter. However, the separation authority may direct a general discharge if such is merited by the soldier's overall record.

d. Published Department of Defense guidance indicates that the guidance is not intended to interfere or impede on the Board's statutory independence. The Board will determine the relative weight of the action that led to the discharge and whether it supports relief or not. In reaching its determination, the Board shall consider the applicant's petition, available records and/or submitted documents in support of the petition.

9. BOARD DISCUSSION AND DETERMINATION:

a. As directed by the 2017 memo signed by A.M. Kurta, the board considered the following factors:

(1) Did the applicant have a condition or experience that may excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor, a voting member, reviewed the applicant's DOD and VA health records, applicant's statement, and/or civilian provider documentation and found that the applicant has the following potentially-mitigating diagnoses: Adjustment Disorder with Depressed Mood and PTSD.

(2) Did the condition exist, or experience occur during military service? **Yes.** The Board's Medical Advisor found Adjustment Disorder with Depressed Mood and trauma serving as basis for PTSD occurred in-service.

(3) Does the condition or experience actually excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor applied liberal consideration and opined that given the misconduct occurred after the service-connected trauma and nexus between trauma and substance use, the basis is mitigated.

(4) Does the condition or experience outweigh the discharge? **Yes.** After applying liberal consideration to the evidence, including the Board Medical Advisor opine, the Board determined that the applicant's Adjustment Disorder with Depressed Mood and PTSD outweighed the wrongful use of marijuana basis for separation.

c. Response to Contention(s): The applicant did not make any contentions.

(1) The applicant states their goal is to access education benefits via the G.I. BILL so that they may receive a formal education and continue to advance personally, they are interested in pursuing a career in Environmental Science/Ecology.

Educational benefits under the Post-9/11 or Montgomery GI Bill, healthcare or VA loans, do not fall within the purview of the Army Discharge Review Board. Accordingly, the applicant should contact a local office of the Department of Veterans Affairs for further assistance.

d. The Board determined the discharge is inequitable based on the applicant's PTSD mitigating the applicant's wrongful use of marijuana basis for separation. Therefore, the Board voted to grant relief in the form of an upgrade of the characterization of service to Honorable and changed the separation authority to AR 635-200, paragraph 14-12a. Accordingly, the narrative reason for separation was changed to Misconduct (Minor Infractions), with a corresponding separation code of JKN. The Board voted and determined the reentry eligibility (RE) code was proper and equitable due to applicant's BH diagnosis warranting consideration prior to reentry of military service. The Board determined the RE Code was proper and equitable and voted not to change it. The applicant has exhausted their appeal options available with ADRB. However, the applicant may still apply to the Army Board for Correction of Military Records. The applicant is responsible for satisfying the burden of proof and providing documents or other evidence sufficient to support the applicant's contention(s) that the discharge was improper or inequitable.

e. Rationale for Decision:

(1) The Board voted to change the applicant's characterization of service to Honorable because the applicant's PTSD mitigated the applicant's misconduct of wrongful use of marijuana. Thus, the prior characterization is no longer appropriate.

(2) The Board voted to change the reason for discharge to Misconduct (Minor Infractions) under the same rationale, thus the reason for discharge is no longer appropriate. The SPD code associated with the new reason for discharge is JKN.

(3) The RE code will not change due to applicant's BH diagnosis warranting consideration prior to reentry of military service.
