7. STATUTORY, REGULATORY AND POLICY REFERENCE(S):

a. Section 1553, Title 10, United States Code (Review of Discharge or Dismissal) provides for the creation, composition, and scope of review conducted by a Discharge Review Board(s) within established governing standards. As amended by Sections 521 and 525 of the National Defense Authorization Act for Fiscal Year 2020, 10 USC 1553 provides specific guidance to the Military Boards for Correction of Military/Naval Records and Discharge Review Boards when considering discharge upgrade requests by Veterans claiming Post Traumatic Stress Disorder (PTSD), Traumatic Brain Injury (TBI), sexual trauma, intimate partner violence (IPV), or spousal abuse, as a basis for discharge review. The amended guidance provides that Boards will include, as a voting board member, a physician trained in mental health disorders, a clinical psychologist, or a psychiatrist when the discharge upgrade claim asserts a mental health condition, including PTSD, TBI, sexual trauma, IPV, or spousal abuse, as a basis for the discharge. Further, the guidance provides that Military Boards for Correction of Military/Naval Records and Discharge Review Boards will develop and provide specialized training specific to sexual trauma, IPV, spousal abuse, as well as the various responses of individuals to trauma.

b. Office, Secretary of Defense memorandum (Supplemental Guidance to Military Boards for Correction of Military/Naval Records Considering Discharge Upgrade Requests by Veterans Claiming Post Traumatic Stress Disorder), 3 September 2014, directed the Service Discharge Review Boards (DRBs) and Service Boards for Correction of Military/Naval Records (BCM/NRs) to carefully consider the revised PTSD criteria, detailed medical considerations and mitigating factors when taking action on applications from former service members administratively discharged UOTHC and who have been diagnosed with PTSD by a competent mental health professional representing a civilian healthcare provider in order to determine if it would be appropriate to upgrade the characterization of the applicant's service.

c. Office, Under Secretary of Defense memorandum (Clarifying Guidance to Military Discharge Review Boards and Boards for Correction of Military/Naval Records Considering Requests by Veterans for Modification of their Discharge Due to Mental Health Conditions, Sexual Assault, or Sexual Harassment), 25 August 2017 issued clarifying guidance for the Secretary of Defense Directive to DRBs and BCM/NRs when considering requests by Veterans for modification of their discharges due in whole or in part to mental health conditions, including PTSD; Traumatic Brain Injury; sexual assault; or sexual harassment. Boards are to give liberal consideration to Veterans petitioning for discharge relief when the application for relief is based in whole or in part to those conditions or experiences. The guidance further describes evidence sources and criteria and requires Boards to consider the conditions or experiences presented in evidence as potential mitigation for misconduct that led to the discharge.

d. Office, Under Secretary of Defense memorandum (Guidance to Military Discharge Review Boards and Boards for Correction of Military/Naval Records Regarding Equity, Injustice, or Clemency Determinations), 25 July 2018 issued guidance to Military DRBs and BCM/NRs regarding equity, injustice, or clemency determinations. Clemency generally refers to relief specifically granted from a criminal sentence. However, the guidance applies to more than clemency from a sentencing in a court-martial; it also applies to other corrections, including changes in a discharge, which may be warranted based on equity or relief from injustice.

(1) This guidance does not mandate relief but rather provides standards and principles to guide Boards in application of their equitable relief authority. In determining whether to grant relief on the basis of equity, injustice, or clemency grounds, DRBs shall consider the prospect for rehabilitation, external evidence, sworn testimony, policy changes, relative severity of misconduct, mental and behavioral health conditions, official governmental acknowledgement that a relevant error or injustice was committed, and uniformity of punishment.

(2) Changes to the narrative reason for discharge and/or an upgraded character of service granted solely on equity, injustice, or clemency grounds normally should not result in separation pay, retroactive promotions, and payment of past medical expenses or similar benefits that might have been received if the original discharge had been for the revised reason or had the upgraded service characterization.

e. Army Regulation 15-180 (Army Discharge Review Board) sets forth the policies and procedures under which the Army Discharge Review Board is authorized to review the character, reason, and authority of any Servicemember discharged from active military service within 15 years of the Servicemember's date of discharge. Additionally, it prescribes actions and composition of the Army Discharge Review Board under Public Law 95-126; Section 1553, Title 10 United States Code; and Department of Defense Directive 1332.41 and Instruction 1332.28.

f. Army Regulation 601-210, Regular Army, and Reserve Components Enlistment Program, governs eligibility criteria, policies, and procedures for enlistment and processing of persons into the Regular Army, the U.S. Army Reserve, and Army National Guard for enlistment per DODI

1304.26. It also prescribes the appointment, reassignment, management, and mobilization of Reserve Officers' Training Corps cadets under the Simultaneous Membership Program. Chapter 4 provides the criteria and procedures for waiverable and non-waiverable separations. Table 3-1, defines reentry eligibility (RE) codes:

- RE-1 Applies to: Person completing his or her term of active service who is considered qualified to reenter the U.S. Army. Eligibility: Qualified for enlistment if all other criteria are met.
- RE-3 Applies to: Person who is not considered fully qualified for reentry or continuous service at time of separation, but disqualification is waiverable. Eligibility: Ineligible unless a waiver is granted.
- RE-4 Applies to: Person separated from last period of service with a non-waiverable disqualification. This includes anyone with a DA imposed bar to reenlistment in effect at time of separation or separated for any reason (except length of service retirement) with 18 or more years active Federal service. Eligibility: Ineligible for enlistment.

g. Army Regulation 635-200 provides the basic authority for the separation of enlisted personnel.

(1) Chapter 3, Section II provides the authorized types of characterization of service or description of separation. It states:

(a) An honorable discharge is a separation with honor and is appropriate when the quality of the Soldier's service generally has met the standards of acceptable conduct and performance of duty for Army personnel or is otherwise so meritorious that any other characterization would be clearly inappropriate.

(b) A general discharge is a separation from the Army under honorable conditions and is issued to a Soldier whose military record is satisfactory but not sufficiently meritorious to warrant an honorable discharge.

(c) An under other-than-honorable-conditions discharge is an administrative separation from the Service under conditions other than honorable and it may be issued for misconduct, fraudulent entry, security reasons, or in lieu of trial by court martial based on certain circumstances or patterns of behavior or acts or omissions that constitute a significant departure from the conduct expected of Soldiers in the Army.

(2) Chapter 10, Discharge in Lieu of Trial by Court Martial is applicable to members who had committed an offense or offenses for which the authorized punishment included a bad conduct, or dishonorable discharge could submit a request for discharge for the good of the service. The request could be submitted at any time after the charges had been preferred. Although an honorable or general discharge was authorized, an under other than honorable conditions discharge was normally considered appropriate, unless the record was so meritorious it would warrant an honorable.

(a) After receiving legal counseling, the soldier may elect to submit a request for discharge in lieu of trial by court-martial. The soldier will sign a written request, certifying that they have been counseled, understands their rights, and may receive a discharge under other than honorable conditions.

(b) The following documents will accompany the request for discharge:

- A copy of a Charge Sheet (DD Form 458)
- Report of medical examination and mental status evaluation, if conducted
- A complete copy of all reports of investigation
- Any statement, documents, or other matter considered by the commanding officer in making his/her recommendation, including any information presented for consideration by the soldier or consulting counsel.
- A statement of any reasonable ground for belief that the soldier is, or was at the time of misconduct, mentally defective, deranged, or abnormal. When appropriate, evaluation by a psychiatrist will be included.

(c) Paragraph 10-6 stipulates medical and mental examinations are not required but may be requested by the Soldier under AR 40-501, chapter 8.

(d) Paragraph 10-8b stipulates Soldiers who have completed entry-level status, characterization of service as honorable is not authorized unless the Soldier's record is otherwise so meritorious that any other characterization clearly would be improper.

(3) Chapter 15 provides explicitly for separation under the prerogative of the Secretary of the Army. Secretarial plenary separation authority is exercised sparingly and seldom delegated. Ordinarily, it is used when no other provision of this regulation applies, and early separation is clearly in the Army's best interest. Separations under this paragraph are effective only if approved in writing by the Secretary of the Army or the Secretary's approved designee as announced in updated memoranda. Secretarial separation authority is normally exercised on a case-by-case basis. If Secretarial Authority is granted normally correct the record to show the following:

- Separation Authority: Army Regulation 635-200, Chapter 15
- Separation Code: JFF
- Reenlistment Code: RE1
- Narrative Reason for Separation: Secretarial Plenary Authority
- Character of Service: Honorable

h. Army Regulation 635-5-1 (Separation Program Designator (SPD) Codes) provides the specific authorities (regulatory or directive), reasons for separating Soldiers from active duty, and the SPD codes to be entered on the DD Form 214. It identifies the SPD code of "KFS" as the appropriate code to assign enlisted Soldiers who are discharged under the provisions of Army Regulation 635-200, Chapter 10, In Lieu Trial by Court-Martial.

8. SUMMARY OF FACT(S): Standard of Review. The Army Discharge Review Board considers applications for upgrade as instructed by Department of Defense Instruction 1332.28.

a. The applicant requests an upgrade to honorable. The applicant's Army Military Human Resources Record (AMHRR), the issues, and documents submitted with the application were carefully reviewed.

b. The evidence in the applicant's Army Military Human Resource Record (AMHRR) confirms the applicant was charged with the commission of an offense punishable under the UCMJ with a punitive discharge. In consultation with legal counsel, the applicant voluntarily requested, in writing, a discharge under the provisions of AR 635-200, Chapter 10, in lieu of trial by court-martial. In this request, the applicant admitted guilt to the offense, or a lesser included offense, and indicated an understanding an under other than honorable conditions discharge could be received, and the discharge would have a significant effect on eligibility for veterans'

benefits. The under other than honorable conditions discharge received by the applicant was normal and appropriate under the regulatory guidance.

c. The applicant's DD Form 214 indicates the applicant was discharged under the provisions of AR 635-200, Chapter 10, by reason of In Lieu of Trial by Court-Martial, with a characterization of service of Under Other than Honorable Conditions.

d. The applicant contends good service, including combat tours. The Board evaluated the applicant's service accomplishments and overall quality of service in accordance with DODI 1332.28.

9. BOARD DISCUSSION AND DETERMINATION:

a. As directed by the 2017 memo signed by A.M. Kurta, the board considered the following factors:

(1) Did the applicant have a condition or experience that may excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor, a voting member, reviewed the applicant's DOD and VA health records, applicant's statement, and/or civilian provider documentation and found that the applicant has the following potentially-mitigating diagnoses/experiences: PTSD, Major Depressive Disorder, Anxiety, TBI.

(2) Did the condition exist or experience occur during military service? **Yes.** The Board's Medical Advisor found that the applicant was diagnosed in service with Chronic PTSD, Major Depressive Disorder, Anxiety, TBI and is 70% service connected by the VA for PTSD.

(3) Does the condition or experience actually excuse or mitigate the discharge? **Yes.** The Board's Medical Advisor applied liberal consideration and opined that there is evidence of BH conditions that mitigate the basis of separation. The applicant was diagnosed in service with Chronic PTSD, Major Depressive Disorder, Anxiety, TBI and is 70% service connected by the VA for PTSD. Given the nexus between PTSD, Major Depressive Disorder, Anxiety, TBI, and using substances, the wrongful use of methylenedioxymethamphetamine (MDMA) that led to the separation is mitigated.

(4) Does the condition or experience outweigh the discharge? **Yes.** Based on liberally considering all the evidence before the Board, the ADRB determined that the condition or experience outweighed the basis of separation.

b. Prior Decisions Cited: **N/A**

c. Response to Contention(s): The applicant contends good service including combat deployments.

The Board determined that this contention was valid and voted to upgrade the characterization of service due to Chronic PTSD, Major Depressive Disorder, Anxiety, TBI mitigating the applicant's wrongful use of methylenedioxymethamphetamine (MDMA).

d. The Board determined by a 3-0 vote to approve an upgrade to Honorable, JKN and no change to the RE code.

ARMY DISCHARGE REVIEW BOARD CASE REPORT AND DIRECTIVE**AR20210013564****e. Rationale for Decision:**

(1) Published Department of Defense guidance indicates the guidance is not intended to interfere or impede on the Board's statutory independence. The Board determines the relative weight of the action that was the basis for the discharge and whether it supports relief or not. In reaching its determination, the Board considers the application, available records and any supporting documents included with the application.

(2) The Board voted to change the applicant's characterization of service because, after applying liberal consideration of all the evidence before the Board, the applicant's BH diagnoses Chronic PTSD, Major Depressive Disorder, Anxiety, TBI did excuse or mitigate the offenses of misuse of methylenedioxymethamphetamine (MDMA).

(3) The Board voted to change the applicant's reason for discharge or accompanying SPD code under the same pretexts, and the reason the applicant was discharged was both proper and equitable.

(4) The RE code will not change, as the current code is consistent with the procedural and substantive requirements of the regulation.

10. BOARD ACTION DIRECTED:

- a. Issue a New DD-214: Yes**
- b. Change Characterization to: Honorable**
- c. Change Reason / SPD Code to: Misconduct (Minor Infractions)/JKN**
- d. Change RE Code to: RE-3**
