Discharge Review Board Discussion and Decision:

DISCUSSION:

The applicant was discharged for Entry Level Performance And Conduct. After arriving at boot camp, the applicant was unable to meet the training requirements set forth by the TRACEN in the first week. The standard correspondence was presented to the applicant (when they are being processed for separation) for a lack of meeting the minimum training requirements. Any entry level separation with under 180 days of service will result in an uncharacterized 'character of service on their DD Form 214.

The Board finds no issues with propriety or equity in this case. The applicant was notified of the intent to discharge and acknowledged via signature four days prior to the effective date.

An uncharacterized character of service is not derogatory in nature and is the prescribed character for individuals who were separated while at initial accession training and there was no associated conduct to warrant a less desirable character of service.

An RE3 reentry code is not an affirmative recommendation for reenlistment, rather it represents that the applicant is not recommended for reenlistment due to a disqualifying factor. The RE3 code may be waived based upon the policies and needs of the gaining Service.

Propriety: Discharge was proper.

Equity: Discharge was equitable.

Final Adjudication by Assistant Commandant For Human Resources: No relief.

In reviewing discharges, the Board presumes regularity in the conduct of governmental affairs unless there is substantial credible evidence (to include evidence submitted by the Applicant) to rebut the presumption.
