

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JRE
Docket No: 1649-01
9 April 2001

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 5 April 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board noted that you served on active duty in the Navy from 5 January to 6 March 2000, when you were discharged for failing to meet enlistment physical standards, based on your history of tachycardia from age 9, which you failed to disclose when you underwent your pre-enlistment physical examination. You were discharged because the condition was symptomatic at time during your enlistment and precluded you from training. The testing you underwent following your discharge does not explain your extensive history of tachycardia, and it is insufficient to demonstrate that your discharge was erroneous. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.
