

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

JRE  
Docket No: 7262-00  
24 September 2001

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 20 September 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you served on active duty in the Marine Corps from 30 May to 20 November 1995, when you were discharged by reason of erroneous enlistment because of your symptomatic flat feet, which existed prior to your enlistment. Following your discharge, the Department of Veterans Affairs (VA) denied your request for service connection for your flat feet, as well for claimed nerve damage secondary to a spinal tap you underwent during your enlistment.

The Board was not persuaded that your foot condition was aggravated by your service, or that you suffered from undiagnosed nerve damage. In the absence of evidence which demonstrates that you were unfit for service because of a condition which was incurred in or aggravated by your naval service, the Board was unable to recommend any corrective action in your case. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be

taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER  
Executive Director
