

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

CRS  
Docket No: 6619-00  
23 February 2001

Dear 

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 21 February 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you reenlisted in the Navy on 24 August 1993 after four years of prior active service. On 31 January 1996 the commanding officer recommended that you be separated with an honorable discharge by reason of convenience of the government due to hardship. After review by the discharge authority, the recommendation for separation was approved and you were honorably discharged on 31 January 1996. At that time you were assigned a reenlistment code of RE-3H.

The Board noted that an RE-3H is the most favorable reenlistment code authorized by regulatory guidance for individuals discharged due to hardship. The Board thus concluded that there is no error or injustice in your reenlistment code. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material

evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER --  
Executive Director
