1. Enclosure (1) is returned. The member requests the revision of his performance evaluation report for the period 16 September 2002 to 18 November 2002.

2. Based on our review of the material provided, we find the following:

a. The report in question is a Not Observed/Detachment of Individual/Regular report ending 18 November 2002. The member alleges an administrative error occurred and requests the report be corrected and changed from 'PINS' to reflect a 'P/WS' in block 20, Physical Readiness.

b. The report is a valid report.

c. In view of the comments in enclosure (1), specifically the Fitness Report Letter-Supplement dated 28 June 2005 from the member's reporting senior, which was not received by PERS-3 11 and is not part of the member's permanent record, we recommend the performance evaluation for the period ending 18 November 2002 is amended by removing the 'PINS' and adding 'PIWS'.

d. The member does prove block 20 of the report to be in error.

3. We recommend the members record remain unchanged except as indicated above.
