

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

SJN
Docket No: 08808-09
28 June 2010

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 22 June 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Marine Corps and began a period of active duty on 29 August 1968. The Board found that you received eight nonjudicial punishments (NJP's) for assault, six instances of absence from your appointed place of duty, six instances of unauthorized absence totaling six days, making false official statements, and breaking restriction. Additionally, you were convicted by two summary courts-martial (SCM) of three instances of failure to go to your appointed place of duty and disobedience. Subsequently, you were notified of pending administrative separation action by reason of misconduct due to frequent involvement of a discreditable nature with military authorities. You were advised of your procedural rights, and you waived your right to an administrative discharge board (ADB). Your case was forwarded and the separation authority directed discharge under other than honorable conditions by reason of misconduct. You were so discharged on 16 February 1972.

The Board, in its review of your application, carefully weighed all potentially mitigating factors, such as your youth and overall record of service. Nevertheless, the Board found that these factors were not sufficient to warrant any change in your discharge given your eight NJP's and convictions by SCM. The Board also noted that it appears you waived an ADB, your best chance for retention or a better characterization of service. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
