DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

HD:hd
Docket No. 04572-10
27 February 2011

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552. You requested, in effect, that your Physical Readiness Information Management System (PRIMS) data for the Cycle 2, 2006 Physical Readiness Test (PRT) be corrected to reflect "Dep/Op" (deployment/operational) waiver, and that the PRIMS data for Cycle 2, 2007 be corrected to reflect the Body Composition Assessment (BCA) result that is missing.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 25 February 2011. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by the Office of the Chief of Naval Operations dated 11 June 2010, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion regarding the Cycle 2, 2006 PRT, and further observed that the earliest data currently appearing on PRIMS is for Cycle 1, 2007. The Board noted that you provided no data to be entered for the Cycle 2, 2007 BCA, and further observed

that PRIMS shows "Dep/Op" for both that BCA and the Cycle 2, 2007 PRT. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director

Enclosure
