Docket No: 12829-10
21 January 2011

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested modifying the fitness report for 18 July 2008 to 30 January 2009 by raising the mark in section K.3 (reviewing officer's (RO's) "Comparative Assessment") from the fourth best of eight possible marks to the third best and modifying the report for 1 July 2009 to 8 June 2010 by raising the mark in section K.3 from the third best to the second best.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 21 January 2011. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the report of the Headquarters Marine Corps Performance Evaluation Review Board (PERB), dated 17 November 2010, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially

concurred with the comments contained in the report of the PERB, except to not you did not request completely removing section K (RO's marks and comments) of the reports in question. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
