

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

CRS

Docket No: 4298-13

2 April 2014

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 8 January 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Navy Reserve on 27 July 2004. You received nonjudicial punishment on two occasions for offenses that included two periods of unauthorized absence totaling 40 days.

On 28 April 2006 your commanding officer recommended that you be separated with a discharge under other than honorable conditions by reason of misconduct due to a pattern of misconduct. After review by the discharge authority, the recommendation for separation was approved and on 18 May 2006 you received a

discharge under other than honorable conditions, and were assigned a reentry code of RE-4.

The Board concluded that as the assignment of a reentry code of RE-4 is required when an individual is discharged by reason of misconduct, there is no basis for any corrective action in your case. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

ROBERT D. ZSALMAN
Acting Executive Director
