Docket No: 4712-13

9 May 2014

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 20 February 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Marine Corps Reserve on 16 October 2006. On 27 September 2007 you were diagnosed with left knee plica syndrome. You were separated with an honorable discharge on 31 October 2007, by reason of disability with severance pay. You were assigned a reentry code of RE-3P, as permitted by governing directives.

An RE-3P reentry code is the most favorable code authorized by regulatory guidance for individuals discharged due to disability with severance pay. The Board thus concluded that there is no error or injustice in your reentry code. Accordingly, your

application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
