

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

[REDACTED]
Docket No. 431-17
OCT 24 2017

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of 10 USC 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 28 July 2017. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. You requested the removal of your Administrative Remarks (Page 11) counseling entry dated 28 January 2016 from your Official Military Personnel Record (OMPF). However, the Board determined that the entry is justified. Although the Administrative Discharge Board decided to retain you in the U.S. Marine Corps, you tested positive for Codeine on or about 17 July 2015. Although the substance did not jeopardize your retention status, the information provided on the Page 11 counseling entry is correct. Hence, there is no indication of an error or injustice to your OMPF. Accordingly, your application has been denied.

It is regretted that the circumstances of your case are such that favorable action cannot be taken at this time. You are entitled to have the Board reconsider its decision upon the submission of new and material evidence. New evidence is evidence not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

[REDACTED]
Executive Director
