1. Pursuant to the provisions of reference (a), Petitioner, an active duty enlisted Marine, filed enclosure (1) with this Board requesting removal of two Page 11 entries dated 19 February 2016 and 21 July 2016 and a weight control remark sequence 0001 Body Composition Program (BCP) from 9 February 2016 from her Official Military Personnel File (OMPF).
2. The Board, consisting of [REDACTED] reviewed Petitioner's allegations of error and injustice on 7 December 2017 and, pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of Petitioner's naval records and applicable statutes, regulations and policies.
3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice finds as follows:
  - a. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy.
  - b. On 1 February 2016, Petitioner received a Page 11 entry assigning her to the BCP. Petitioner's Company Commander has requested removal of the entry due to an administrative oversight.
  - c. On 21 July 2016, Petitioner received a Page 11 entry counseling her for failure to complete a Sergeant Major motivational run. Petitioner's Company Commander has requested removal of the entry because it is irrelevant due to Petitioner being well into her second trimester of pregnancy at the time of the physical deficiency.
  - d. Petitioner's Commanding Officer requested "removal of weight control remark Sequence 00001 Body Composition Program (BCP) entry from 20160219 to 00000000, due to administrative oversight."
