

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

Docket No: 6153-17  
DEC 11 2017

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 20 September 2017. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations and policies. The Board also reviewed the advisory opinion provided by Headquarters, Marine Corps (MMRP-13/PERB) dated 17 July 2017, which was previously provided to you.

The Board carefully considered your desire to remove the fitness report for the reporting period 7 October 2015 to 31 March 2016 from your Official Military Performance File. The Board considered your contention that the Reporting Senior (RS) did not counsel you upon completion of his assessment, that you were not afforded an opportunity to rebut the fitness report, and that the attribute marks do not match the comments made by the Reviewing Officer (RO). Further, that the RO never took the time to revise your training and education records. Finally, the Board considered your detailed explanation regarding the inaccuracy of the RS's review of your performance. The Board concluded that removal of the contested fitness report is not warranted. In this regard, the Board substantially concurred with the comments and recommendation contained in the AO. Accordingly, your application has been denied.

It is regretted that the circumstances of your case are such that favorable action cannot be taken at this time. You are entitled to have the Board reconsider its decision upon the submission of new and material evidence. New evidence is evidence not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

[REDACTED]  
Executive Director
