

**DEPARTMENT OF THE NAVY**  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

[REDACTED]  
Docket No: 6797-17  
DEC 26 2017

[REDACTED]  
Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 22 November 2017. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations and policies. The advisory opinion (AO) provided in Headquarters, Marine Corps Memorandum 1610 MMRP-13/PERB dated 2 August 2017 was sent to you on 2 August 2017 for an opportunity to comment prior to being considered by the Board. After the 30 day period for comment expired without a response, the case was presented to the Board.

The Board carefully considered your desire to remove your fitness report (FITREP) for the reporting period 16 April 2013 to 9 January 2014 from your Official Military Personnel File (OMPF). The Board considered your contention that the reporting senior nor the reviewing officer justified not recommending you for promotion and that you were never given the opportunity to voluntarily terminate your flight status. The Board significantly concurred with the AO and concluded that you did not sufficiently substantiate the existence of an error or injustice. The Board determined that the removal of the FITREP is not warranted. Accordingly, your application has been denied.

It is regretted that the circumstances of your case are such that favorable action cannot be taken at this time. You are entitled to have the Board reconsider its decision upon the submission of new and material evidence. New evidence is evidence not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all

official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
Executive Director
