

## DEPARTMENT OF THE NAVY

BOARD FOR CORRECTION OF NAVAL RECORDS 701 S. COURTHOUSE ROAD, SUITE 100 ARLINGTON, VA 22204-2490

Docket No. 7090-17

Dear

This is in reference to your application for correction of your naral record pursuant to the provisions of Title 10 U.S.C. § 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 5 February 2018. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board concluded that there was no evidence that you did not receive the proper counseling on the benefits under the Post-9/11 GI Bill as required by Department of Defense Directive Type Memorandum 09-003 of 22 June 2009. Accordingly, your application has been denied.

It is regretted that the circumstances of your case are such that favorable action cannot be taken at this time. You are entitled to have the Board reconsider its decision upon the submission of new and material evidence. New evidence is evidence not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely.

Executive Director
