1. Pursuant to the provisions of reference (a) Subject, hereinafter referred to as Petitioner, filed enclosure (1) with this Board requesting, in effect, that the applicable naval record be corrected to remove one Administrative Remarks (Page 11) counseling entry dated 26 June 2008, from his Official Military Personnel File (OMPF). Enclosures (1) through (5) apply.

2. The Board, consisting of [REDACTED] reviewed Petitioner's allegations of error and injustice on 29 August 2017 and, pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, naval records, and applicable statutes, regulations and policies.

3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice, finds as follows: Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy.

a. On 26 June 2008, Petitioner received a page 11 counseling for failing to conform to height/weight standard, and being assigned to the Body Composition Program (BCP) for a period of six (6) months. See enclosure (2).

b. Petitioner states, in part, that he was never assigned to the BCP as stated in his Page 11 counseling entry. He states, to be assigned to the BCP a Marine would be placed on mandatory Remedial Conditioning Program (RCP), receive an adverse fitness report and have an entry placed in the Marine Corps Total Force System (MCTFS). He was never in a RCP, did not receive an adverse fitness report, and no entry was made in MCTFS. See enclosure (1).

CONCLUSION

Upon review and consideration of all the evidence of record, and in light of the enclosures and references, the Board believes that the Petitioner's request should be approved. Specifically, the Petitioner's fitness report covering the period from 20080101 to 20081231 is marked as having no derogatory material and if he was assigned to BCP, an adverse fitness report is mandatory. Additionally, there is no MCTFS required entry assigning the Petitioner to the BCP and no documentation contained within his OMPF. The Board finds the existence of an injustice warranting the following corrective action.

RECOMMENDATION:

Petitioner's naval record be corrected, where appropriate, to show that:

Petitioner's Page 11 counseling concerning his failure to conform to Marine Corps height/weight standards dated 26 June 2008, be removed from his OMPF.

Any material or entries inconsistent with or relating to the Board's recommendation be corrected, removed or completely expunged from Petitioner's record and that no such entries or material be added to the record in the future.

4. It is certified that quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above entitled matter.
