CONCLUSION

Upon review and consideration of all the evidence of record, the Board finds the existence of an injustice warranting the following corrective action. Petitioner was approved to transfer Post-9/11 GI Bill education benefits and completed his service obligation, however failed to allocate benefits to each of his dependents prior to transferring to the Retired Reserve. Although Petitioner did not complete the proper administrative requirements, the Board found that had he received clear counseling from his command regarding the inability to distribute the education benefits upon transferring to the Retired Reserve, he would have taken appropriate action. Therefore, the Board determined under this circumstance, relief is warranted.
