Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 11 March 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice, or clemency determinations (Wilkie Memo).

You enlisted in the Marine Corps and commenced active duty on 28 January 1980. On 19 December 1980, you received non-judicial punishment (NJP) for wrongful possession of marijuana. On 22 May 1981, you received NJP for sleeping on post. On 15 February 1982, you were found guilty at Summary Court Martial (SCM) of two specifications of larceny for falsifying another person's signature at a bank and receiving funds from his savings account in the amounts of thirty dollars (\$30.00) and one-hundred-fifty dollars (\$150.00). On 13 May 1982, you received NJP for wrongful use of marijuana. On 16 June 1982, you received NJP for wrongful possession of marijuana.

Consequently, you were notified of pending administrative separation processing with an Under Other Than Honorable conditions (OTH) discharge by reason of misconduct due to frequent involvement of a discreditable nature with military authorities and you waived your right to have your case heard by an administrative discharge board (ADB). The Separation Authority

subsequently directed your discharge with an OTH characterization of service, and you were so discharged on 18 October 1982.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to change your discharge characterization of service and your contentions that you joined the Marine Corps to get away from adolescent and teenage abuse, you wanted to fit in and got in with the wrong crowd who introduced you to marijuana and dared you to do things, you should receive benefits and compensation for the physical and mental injuries you sustained, and you thought your OTH was upgraded because you were allowed to join the █ National Guard. For purposes of clemency and equity consideration, the Board noted you did not provide documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded your potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJPs and SCM, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved multiple drug offenses. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Further, the Board also considered the likely negative impact your repeated misconduct had on the good order and discipline of your command. The Board noted that you were given multiple opportunities to address your conduct issues, but you continued to commit misconduct, which ultimately led to your discharge for frequent involvement of a discreditable nature with military authorities. Additionally, the Board noted you provided no evidence, other than your personal statement, to substantiate your contentions. Finally, absent a material error or injustice, the Board declined to summarily upgrade a discharge solely for the purpose of facilitating veterans' benefits or enhancing educational or employment opportunities.

As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when

applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

3/27/2024
