Dear ██████████,

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 3 October 2024. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion by Navy Recruiting Command (NRC) letter ██████████, which was previously provided to you for comment.

You requested to establish entitlement to an Enlistment Bonus for Shipping (EBSHP). The Board in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that you did not meet the criteria for an EBSHP in accordance with Commander, NRC message 210013Z January 2022. This message outlined the ratings/programs eligible for EBSHP and applied to future sailors initially classified or reclassified on or after 21 January 2022. The message specified future sailors that enlisted in the Advanced Electronics Field – Advanced Electronics Computer Field (AEF/AECF) program that shipped in January 2022 and February 2022 were eligible for EBSHP.

A review of your record reflects that you enlisted in the Navy on 8 February 2022 for 8 years and classified into the AEF/AECF program with a 6-year active duty obligation. You entered active duty on 22 June 2022, thereby rendering you ineligible for EBSHP per the aforementioned eligibility message in affect at the time of your enlistment. In this connection, the Board
