1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting that his naval record be corrected to cancel operative/non-operative extension and show that Petitioner reenlisted on 28 October 2020 for 4 years, was eligible for and received a Zone B Selective Reenlistment Bonus (SRB).

2. The Board, consisting of ██████████, ██████████, and ██████████ reviewed Petitioner's allegations of error and injustice on 25 June 2024 and pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of Petitioner's naval record, and applicable statutes, regulations, and policies.

3. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice finds as follows:

## CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an injustice warranting the following corrective action. The Board concluded that on 10 September 2020, Petitioner entered Zone B. On 7 October 2020, Petitioner was issued BUPERS order: [REDACTED] with required obligated service to February 2024. At that time, a Zone B SRB was authorized in accordance with reference (c). On 1 November 2020, NSIPS/ESR shows a 6-month agreement to extend enlistment to meet the OBLISERV. The Board determined that Petitioner could have reenlisted in accordance with reference (b) vice extend enlistment. On 28 October 2022, Petitioner would have been eligible to reenlist for 4 years and receive a Zone B SRB.

## RECOMMENDATION

That Petitioner's naval record be corrected, where appropriate, to show that:

Petitioner's 6-month agreement to extend enlistment (NAVPERS 1070/621) operative on 21 August 2023 is null and void.

Petitioner's 6-month agreement to extend enlistment (NAVPERS 1070/621) executed on 25 January 2024 is null and void.

Petitioner was discharged 27 October 2020 and reenlisted on 28 October 2020 for a term of 4 years.

Note: This change will entitle Petitioner to a Zone "B" SRB with an award level of "7.5" (\$100,000 award ceiling) for the EMN(SW)/N24S, rating/NEC. Remaining obligated service to 20 August 2023 will be deducted from SRB computation. Furthermore, that any other entries affected by the Board's recommendation be corrected.

The Board for Correction of Naval Records (BCNR) will not take any action with the Defense Finance and Accounting Service (DFAS) for the SRB payment. Petitioner's SRB payment will not be funded by the BCNR's Claims Line of Accounting (LOA). [REDACTED] at N133D has secured funding via unexecuted SRB funds and will use their LOA to pay the SRB payment, and will coordinate directly with the DFAS to determine Petitioner's incentive. Contact the Assistant Nuclear Enlisted Program Manager, N133D, [REDACTED] [REDACTED] concerning SRB payment.

A copy of this Report of Proceedings will be filed in Petitioner's naval record.

Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of the reference, has been approved by the Board on behalf of the Secretary of the Navy.
