

DEPARTMENT OF THE NAVY BOARD FOR CORRECTION OF NAVAL RECORDS 701 S. COURTHOUSE ROAD, SUITE 1001 ARLINGTON, VA 22204-2490

> Docket No. 3822-24 Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your case on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 21 June 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice, or clemency determinations (Wilkie Memo).

You enlisted in the Marine Corps and commenced a period of active duty on 5 November 2007. On 2 April 2008, you received non-judicial punishment (NJP) for wrongful use of cocaine. Subsequently, on 25 September 2008, you were convicted at special court martial (SPCM) for unauthorized absence (UA) and three specifications of wrongful use/possession of a controlled substance (ecstasy). You were sentenced to a Bad Conduct Discharge (BCD) and confinement. On 15 July 2009, you were so discharged.

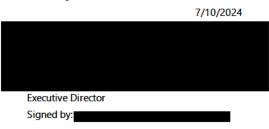

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your characterization of service and your contentions that it has been over five years. For purposes of clemency and equity consideration, the Board noted you did not provide documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your

NJP and SPCM, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included multiple drug offenses. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. Further, the Board considered the likely negative effect your misconduct had on the good order and discipline of your command. Finally, The Board determined there is no provision of federal law or in Navy/Marine Corps regulations that allows for a discharge to be automatically upgraded after a specified number of months or years.

As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant a BCD. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
