CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an injustice warranting the following corrective action. The Board concluded that on 14 June 2022, Petitioner was issued orders 1652 with required obligated service to September 2025. At that time, a Zone B SRB was authorized in accordance with reference (c), however Petitioner was still in Zone A. On 31 August 2022, NSIPS/ESR shows a 9-month agreement to extend enlistment to meet the obligated service. On 13 September 2022, Petitioner entered Zone B. The Board determined that Petitioner should have signed a NAVPERS 1070/613 vice extension of enlistment. On 16 September 2022, Petitioner would have been eligible to reenlist for 4 years and receive a Zone B SRB. Furthermore, Petitioner would have been eligible to transfer his education benefits to his dependents if he so chooses.
