Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Title 10, United States Code, Section 1552. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 3 June 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice, or clemency determinations (Wilkie Memo).

You enlisted in the Navy and began a period of active duty on 13 July 1993. On 31 August 1994, you tested positive for use of a controlled substance-marijuana. Consequently, you were notified of the initiation of administrative separation proceedings by reason of misconduct due to drug abuse, at which point, you decided to waive your procedural rights. Your commanding officer recommended an Other Than Honorable (OTH) discharge characterization of service by reason of misconduct due to drug abuse.

Unfortunately, some documents pertinent to your administrative separation are not in your official military personnel file (OMPF). Notwithstanding, the Board relies on a presumption of regularity to support the official actions of public officers and, in the absence of substantial evidence to the contrary, will presume that they have properly discharged their official duties. Your Certificate of Release or Discharge from Active Duty (DD Form 214), reveals that you were separated from the Navy on 14 September 1994 with an Other Than Honorable (OTH) characterization of service, your narrative reason for separation is "Misconduct" your separation code is "JKK," and

your reenlistment code is "RE-4." Your separation code is consistent with a discharge due to drug abuse.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included but were not limited to your desire for a discharge upgrade and contentions that: (a) you were told that your discharge status would change automatically change to Honorable, (b) you were trying to keep your family together as your wife moved with your child out of state, (c) you felt that leaving the Navy was the only way to keep your family together. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your positive drug urinalysis, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included a drug related offense. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board noted that marijuana use in any form is still against Department of Defense regulations and not permitted for recreational use while serving in the military. Further, the Board considered the likely negative effect your conduct had on the good order and discipline of your unit. Finally, the Board also noted that there is no provision of federal law or in Navy regulations that allows for a discharge to be automatically upgraded after a specified number of months or years.

As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon the submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

6/25/2024
