1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting that his naval record be corrected to cancel operative/non-operative extension and show that Petitioner reenlisted on 5 March 2022 for 4 years, was eligible for and received a Zone B Selective Reenlistment Bonus (SRB), and that Petitioner was eligible to transfer his education benefits to his dependents.

2. The Board, consisting of ██████████, ██████████, and ██████████ reviewed Petitioner's allegations of error and injustice on 13 August 2024 and pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of Petitioner's naval record, and applicable statutes, regulations, and policies.

CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an injustice warranting the following corrective action. The Board concluded that on 30 November 2021, Petitioner was issued official modification to BUPERS order: 2981 with obligated service to November 2025. At that time, a Zone B SRB was authorized in accordance with reference (c), however Petitioner was still in Zone A. On 12 January 2022, NSIPS/ESR shows a 14-month agreement to extend enlistment to meet the OBLISERV. On 29 February 2022, Petitioner entered Zone B. The Board determined that Petitioner could have reenlisted vice extend enlistment. On 5 March 2022, Petitioner would have been eligible to reenlist for 4 years and receive a Zone B SRB. Furthermore, Petitioner would have been eligible to transfer his education benefits to his dependents.

RECOMMENDATION

That Petitioner's naval record be corrected, where appropriate, to show that:

Petitioner's 14-month agreement to extend enlistment (NAVPERS 1070/621) operative on 28 September 2024 is null and void.

Petitioner was discharged 4 March 2022 and reenlisted on 5 March 2022 for a term of 4 years.

Note: This change will entitle Petitioner to a Zone “B” SRB with an award level of “8.5” (\$100,000 award ceiling) for the MMN(SS)/N15S, rating/NEC. Remaining obligated service to 27 September 2024 will be deducted from SRB computation. Additionally, Navy Personnel Command is authorized to align transfer of education benefits with the 5 March 2022 reenlistment. Furthermore, that any other entries affected by the Board’s recommendation be corrected.

The Board for Correction of Naval Records (BCNR) will not take any action with the Defense Finance and Accounting Service (DFAS) for the SRB payment. Petitioner’s SRB payment will not be funded by the BCNR’s Claims Line of Accounting (LOA). [REDACTED] at N133D has secured funding via unexecuted SRB funds and will use their LOA to pay the SRB payment, and will coordinate directly with the DFAS to determine Petitioner’s incentive. Contact the Assistant Nuclear Enlisted Program Manager, N133D, [REDACTED] [REDACTED] concerning SRB payment.

A copy of this Report of Proceedings will be filed in Petitioner’s naval record.

4. It is certified that a quorum was present at the Board’s review and deliberations, and that the foregoing is a true and complete record of the Board’s proceedings in the above-entitled matter.

5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of the reference, has been approved by the Board on behalf of the Secretary of the Navy.
