Dear ██████████,

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 14 November 2024. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Branch Head, Community Management Support Branch memorandum 1160 Ser B328/062 of 29 April 2024.

On 22 February 2012, you entered active duty for 4 years in the U.S. Navy. In June 2018, you were awarded Navy Enlisted Classification (NEC) F02A. On 15 January 2016, you reenlisted for 4 years in the U.S. Navy.

In accordance with OPNAVINST 1160.8B published on 1 April 2019, “[a] member who receives orders to attend training to gain a qualifying Selective Reenlistment Bonus (SRB) NEC but lacks the required obligated service to complete training may apply for Obligated Service To Train (OTT). To be eligible to apply for OTT, completion of the requested school must occur after the current inoperative extension (i.e., soft EAOS). If approved for OTT, the member will be allowed to extend enlistment through the school graduation date. The member must agree to obligate service to meet graduation date for the SRB rating, NEC, or skill and then reenlist after the new rating, NEC, or skill is attained or rating conversion is completed. The new rating, NEC, or skill must be designated for award of an SRB at the time of the OTT agreement. Commands must forward all OTT requests to NAVPERSCOM, Active Enlisted Programs Branch (PERS-811) using the prescribed method. PERS-811 will provide an OTT approval letter to the command stating the qualifying NEC, current SRB award level, and applicable SRB NAVADMIN.”
