Encl: (1) DD Form 149 w/attachments  
(2) Advisory Opinion by CNRFC 5420 Ser N1/388, 21 Jun 24  
(3) Subject's naval record

1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting that his naval record be corrected to reflect 6 month extension dated 10 June 2023 was operative and the date of separation was 14 January 2024 vice 14 July 2023.

2. The Board, consisting of [REDACTED] and [REDACTED] reviewed Petitioner's allegations of error and injustice on 5 December 2024 and pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of Petitioner's naval record, and applicable statutes, regulations, and policies.

3. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice finds as follows:

a. On 15 October 2019, Petitioner reenlisted for 3 years with an End of Active Obligated Service (EAOS) of 14 October 2022.

b. On 17 June 2022, Petitioner signed an agreement to extend enlistment for 9 months with an Soft EAOS of 14 July 2023 in order to match EAOS/Expiration of Reserve Enlistment with projected rotation date and on 10 June 2023 signed an agreement to extend enlistment for 6 months with a Soft EAOS of 14 January 2024 in order to incur sufficient obligated service to execute orders.

## CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an error warranting the following

corrective action. The Board concluded Petitioner did execute a NAVPERS 1070/621 for a period of six months with the expiration date of 14 January 2024. There is no evidence that the extension was cancelled before member's separation, however the extension was not made operative, and Petitioner was erroneously separated on 14 July 2023.

#### RECOMMENDATION

That Petitioner's naval record be corrected, where appropriate, to show that:

The record of discharge from the U.S. Naval Reserve effective 14 July 2023 is rescinded.

Petitioner's agreement to extend enlistment (NAVPERS 1070/621) executed on 10 June 2023 was for a term of 6 months with a Soft EAOS of 14 January 2024. Note: That any other entries affected by the Board's recommendation be corrected. Furthermore, Defense Finance and Accounting Service will complete an audit of Petitioner's pay records to determine amounts due, if any.

A copy of this report of proceedings will be filed in Petitioner's naval record.

4. It is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above titled matter.

5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of the reference, has been approved by the Board on behalf of the Secretary of the Navy.
