Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Title 10, United States Code, Section 1552. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 15 July 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You enlisted in the Navy and began a period of active duty on 25 November 1998. On 10 June 1999, you received nonjudicial punishment (NJP) for wrongful possession and consumption of alcohol beverages as a minor. On 18 June 1999, you received a second NJP for wrongful use of a controlled substance-crystal methamphetamine, wrongful possession with the intent to distribute crystal methamphetamine, and wrongful introduction of a controlled substance-methamphetamine on board an installation. Consequently, you were processed for administrative separation due to drug abuse. After you waived your rights, your commanding officer recommended an Other Than Honorable (OTH) discharge characterization of service. The separation authority approved the recommendation and, on 2 July 1999, you were so discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to your desire for a discharge upgrade. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJPs, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included drug related offenses. The Board determined that illegal drug use, possession, and distribution by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. Further, the Board considered the likely negative effect your conduct had on the good order and discipline of your unit. Finally, the Board noted you already received a large measure of clemency from the Navy when they chose not to refer your drug related misconduct to a court-martial; thereby sparing you the stigma of a court-martial conviction and possible punitive discharge.

As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon the submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely, _____
