1. Pursuant to the provisions of the reference, Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting removal of enclosure (2).

2. The Board, consisting of █, █, and █, reviewed Petitioner's allegations of error and injustice on 20 August 2024 and, pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of Petitioner's naval records, and applicable statutes, regulations, and policies.

3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice, found that, before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy. The Board made the following findings:

a. Petitioner's parent command submitted a Detachment of Individual/Regular evaluation report for the reporting period 15 September 2023 to 28 January 2024. Enclosure (2).

b. On 9 February 2024, Petitioner reported to █.
Enclosure (3).

c. In her petition, Petitioner contends she was mobilized/deployed to █
█ and received a detaching evaluation from her parent command in error. Enclosure (1).

Subj: REVIEW OF NAVAL RECORD OF [REDACTED], USNR,
XXX-XX-[REDACTED]

d. In a memorandum dated 1 July 2024, the Navy Personnel Command (PERS-32) provided an advisory opinion (AO) for the Board's consideration recommending the Board determine whether the report in question is valid and needs to be removed. The AO noted that Petitioner's enlisted data indicated that she is still onboard at her parent command with a projected rotation date of 1 January 2026. Petitioner's enlisted data also states that she transferred on 30 April 2024, but has a status of unexecuted. Additionally, PERS-32 found no evidence that Petitioner received Individual Augmentation (IA) mobilization orders nor an evaluation report from the IA command. Enclosure (4).

CONCLUSION

Upon careful review and consideration of all the evidence of record, the Board found sufficient evidence of an error and determined that Petitioner's request warrants corrective action.

In this regard, the Board noted that enclosure (3) authorized Petitioner's temporary assignment to [REDACTED] as the Career Counselor. Enclosure (3) also indicates Petitioner reported to [REDACTED] on 9 February 2024. Contrary to reference (b), which directs Reporting Seniors (RSs) to submit a Detachment of Individual Report when a member is permanently detached with orders to report to another command. A Detachment of Individual Report is not authorized if the member transfers from one UIC or command to another and does not change RSs. In this case, Petitioner is not changing RSs and will be returning to her parent command upon completion of the mobilization orders. Accordingly, the Board determined enclosure (2) was submitted in error and should be removed.

RECOMMENDATION

In view of the above, the Board directs the following corrective action.

Petitioner's naval record be corrected by removing enclosure (2).

4. It is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above-entitled matter.

5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of reference (a), has been approved by the Board on behalf of the Secretary of the Navy.
