

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

Docket No. 7263-24
Ref: Signature Date

Dear [REDACTED],

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 11 December 2024. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies.

You requested to Involuntary Separation Pay (ISP) for executing 8-consecutive years of active service without a 30-day break. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that Department of Defense Instruction 1332.29 specifies that full payment of non-disability ISP is authorized to Service members who are involuntarily separated from active duty and meet specified criteria. Included in the criterion is Reserve service members must have completed at least 6 years of continuous Active Duty/Active Service (AD/AS) preceded immediately before separation. The 6 years of AD/AS is continuous if any break in military service does not exceed 30 days.

A review of your record reflects you completed Active Duty for Training orders from 7 July 2015 to 30 September 2016. Prior to executing mobilization orders, you completed Inactive Duty Training (IDT) periods on 3 October 2016, 4 October 2016 and 8 November 2016. You mobilized from 29 December 2016 through 23 February 2018 and thereafter transferred back to Navy Reserve and performed IDT periods from 9 October 2018 through 12 October 2018 and 15 October 2018 through 19 October 2018. Subsequently, you completed Active Duty for Special Work orders from 19 November 2019 to 30 September 2020 and Definite Recall orders

from 1 October 2020 to 30 September 2023. Following your released from active duty, you were transferred back into the Navy Reserve.

The Board noted that in the last 8 years, you had two breaks in which you were not on active duty: 1 October 2016 to 28 December 2016 and 24 February 2018 to 18 November 2019. Additionally, during both periods you performed IDT periods. The Board determined that you did not complete continuous AD/AS in the 6 years preceding your 30 September 2023 release from active duty, thereby ineligible for ISP per the aforementioned policy. Therefore, the Board determined that a change to your record is not warranted.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

1/2/2025

Deputy Director
