Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an error warranting the following corrective action. The Board concluded that on 2 February 2024, Petitioner received Official Recall to Active-Duty Mobilization Orders at the following address: [REDACTED], reporting to [REDACTED] no later than 0800 on 31 May 2024. On 23 April 2024, Petitioner updated his address in NSIPS to [REDACTED]. In

accordance with reference (b), the PLEAD for a reservist ordered to active duty will be recorded on the member's orders to active duty and in the ESR. Additionally, the orders state that all address changes in NSIPS will require an order modification. The Board determined that Petitioner updated his address in NSIPS prior to execution and with enough time for a modification to be issued, however his orders were not modified accordingly, resulting in overpayment of BAH.
