Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 23 October 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You entered active duty with the Navy on 13 October 1981. On 31 March 1982, you received non-judicial punishment (NJP) for possession of marijuana. On 20 October 1982, you were formerly counseled due to possession of marijuana. On 31 March 1983, you received NJP for wrongful use of marijuana. Consequently, you were notified of pending administrative separation action by reason of misconduct due to drug abuse. After you elected to waive your rights, your commanding officer (CO) forwarded your package to the separation authority (SA) recommending your discharge by reason of misconduct due to drug abuse with an Other Than Honorable (OTH) characterization of service. The SA approved the CO's recommendation, and on 28 April 1983, you were so discharged.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contentions that your misconduct was due to experiencing depression after being denied leave and you self-

medicated in order to cope with the situation. The Board also noted you checked the “Other Mental Health” box on your application but chose not to respond to the 23 August 2024 letter from the Board requesting supporting evidence for your claim. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined your misconduct as evidenced by your NJPs, outweighed the potential mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved drug related offenses. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board also considered the likely negative impact your conduct had on the good order and discipline of your command. Further, the Board noted that there is no evidence in your record, and you submitted none, to support your contentions. Finally, the Board observed that you were given an opportunity to correct your conduct deficiencies but chose to continue to commit misconduct, which ultimately led to your discharge.

As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants upgrading your characterization of service. Accordingly, given the totality of the circumstances, the Board determined your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

11/15/2024
