Dear ██████████

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 18 December 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You entered active duty with the Navy on 24 April 1984. On 22 March 1985, you received non-judicial punishment (NJP) for assault and communicating a threat. On 14 April 1986 and 9 October 1986, you received NJP for failure to obey a lawful order and dereliction of duty. On 10 November 1987, you received NJP for wrongful use of cocaine. Consequently, you were notified of pending administrative separation action by reason of misconduct due to drug abuse and commission of a serious offense. On 16 November 1987, you received a medical evaluation that determined you were not alcohol or drug dependent. After electing to waive your rights, your commanding officer (CO) forwarded your package to the separation authority (SA) recommending your discharge with an Other Than Honorable (OTH) characterization of service. The SA approved the CO's recommendation and you were discharged for drug abuse with an OTH on 15 December 1987.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contentions that you were singled out because you were African American, other Sailors were not charged for the same misconduct or discharged with an OTH characterization, you were not given a fair chance, and you have been suffering from post-traumatic stress disorder (PTSD). The Board also noted you checked the "PTSD" and "Other Mental Health" boxes on your application but did not respond to the Board's request for supporting evidence of your claims. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined your misconduct as evidenced by your NJPs, outweighed the potential mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved a drug offense. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. Further, contrary to your contention that you were not given a fair chance, the Board observed that you were given multiple opportunities to correct your conduct deficiencies and chose to continue to commit misconduct; which ultimately led to your OTH discharge. Finally, the Board observed that you provided no evidence, other than your statement, that substantiates your contentions.

As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

1/17/2025
