Subj: REVIEW OF NAVAL RECORD OF FORMER █, USN,
█

Ref: (a) Title 10 U.S.C. § 1552

(b) Petitioner's Case File

Encl: (1) DD Form 149

1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting that his naval record be corrected by granting a medical discharge.

2. The Board, consisting of █, █, and █, reviewed Petitioner's allegations of error and injustice on 12 December 2024 and, pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the relevant portions of the naval record, and applicable statutes, regulations, and policies.

3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice, finds as follows:

a. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy. Although Petitioner's application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider the case on its merits.

b. Petitioner entered active duty in the United States Navy on 8 October 1986. On 9 December 1986, Petitioner was seen for episodes of enuresis. A 16 March 1989, Petitioner's medical record noted he experienced enuresis intermittently whenever in a stressful environment or in situations that made him unhappy. On 22 March 1989, Commanding Officer (CO) █ (█) notified Petitioner of administrative separation by reason of Convenience of the Government due to chronic enuresis. Petitioner was advised of his rights and did not object to the separation processing. On 27 March 1989, Petitioner was counseled for being not eligible for reenlistment due to other physical, mental condition not a disability, interfering with the performance of duties.

c. Petitioner was discharged on 27 March 1989; his Certificate of Release or Discharge from Active Duty (DD Form 214) states an Honorable characterization of service and "Other Physical

Mental Condition Not a Disability interfering with the performance of duty - enuresis” as the narrative reason for separation.

d. Petitioner contends his condition warranted a medical discharge and he did not receive proper advice when he separated.

CONCLUSION

Upon review and consideration of all the evidence of record, the Board finds the existence of an error warranting partial relief. Specifically, in keeping with the letter and spirit of current guidance, the Board determined that it would be an injustice to label one’s discharge as being for enuresis. Describing Petitioner’s service in this manner attaches a considerable negative and unnecessary stigma, and fundamental fairness and medical privacy concerns dictate a change. Accordingly, the Board concluded that Petitioner’s discharge should not be labeled as being for enuresis and that certain remedial administrative changes are warranted to the DD Form 214.

Notwithstanding the recommended correct active below, the Board concluded the preponderance of the evidence did not support any additional correction. The Board found Petitioner was properly administratively discharged as his enuresis condition which, in accordance with service regulations, is not considered a disability condition that warrants referral to a Physical Evaluation Board nor disability processing.

Finally, the Board determined Petitioner’s assigned reentry code remains appropriate in light of his original basis for separation and unsuitability for further military service.

RECOMMENDATION

In view of the above, the Board recommends the following corrective action:

That Petitioner be issued a new Certificate of Release from Active Duty (DD Form 214) reflecting that, for the period ending 27 March 1989, Petitioner’s narrative reason for separation was “Secretarial Authority,” the SPD code assigned was “JFF,” and the separation authority was “MILPERSMAN 1910-164.”

That a copy of this report of proceedings be filed in Petitioner’s naval record.

That no further changes be made to Petitioner's naval record.

4. It is certified that a quorum was present at the Board’s review and deliberations, and that the foregoing is a true and complete record of the Board’s proceedings in the above-entitled matter.

5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing
