

Docket No. 9433-24  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 21 October 2024. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice, or clemency determinations (Wilkie Memo).

You enlisted in the Navy and commenced active duty on 19 September 2001. On 22 July 2005, you received non-judicial punishment (NJP) for wrongful use, possession etc. of a controlled substance.

Unfortunately, the documents pertinent to your administrative separation are not in your official military personnel file (OMPF). Notwithstanding, the Board relies on a presumption of regularity to support the official actions of public officers and, in the absence of substantial evidence to the contrary, will presume that they have properly discharged their official duties. Based on the information contained on your Certificate of Release or Discharge from Active Duty (DD Form 214), you were separated on 2 September 2005 with an "Under Other Than Honorable Conditions (OTH)" characterization of service, your narrative reason for separation is "Misconduct," your reentry code is "RE-4," and your separation code is "HKK," which corresponds to misconduct - drug abuse, admin discharge board required but waived.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to change your discharge characterization of service and your contentions that you quickly rose in rank to E-5, served during two deployments, and earned several qualifications. For purposes of clemency and equity consideration, the Board considered your statement and the copies of in-service awards and certifications you provided.

After thorough review, the Board concluded your potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJP, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved a drug offense. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. Further, the Board noted that, although one's service is generally characterized at the time of discharge based on performance and conduct throughout the entire enlistment, the conduct or performance of duty reflected by only a single incident of misconduct may provide the underlying basis for discharge characterization.

As a result, the Board concluded your conduct constituted a significant departure from that expected of a service member and continues to warrant an OTH characterization. While the Board carefully considered the evidence you submitted in mitigation, even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Ultimately, the Board concluded the mitigation evidence you provided was insufficient to outweigh the seriousness of your misconduct. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

11/12/2024
