

Subj: REVIEW OF NAVAL RECORD OF [REDACTED]
XXX XX [REDACTED] USMC

c. On 28 February 2024, the commanding officer (CO) determined that although Petitioner was placed on the BCP program from 19 February 2023 to 19 August 2023, his BCP package was not properly complete, and as a result was void. Thus, the CO requested that the BCP entry be deleted as erroneous. A review of the Weight Control Assignment screen in Marine Corps Total Force System (MCTFS) shows no formal assignment to BCP. Enclosures (5)-(6).

CONCLUSION

Upon review and consideration of all the evidence of record, the Board determined that Petitioner's request warrants relief. The Board noted that although there is evidence that Petitioner was not within Marine Corps established height and weight standards, as indicated in enclosure (4), there was sufficient evidence for the Board to conclude that his assignment to BCP was not properly completed. In this regard, the Board, relying upon the CO's letter at enclosure (6) that the BCP assignment process was not adhered to which resulted in his decision to remove Petitioner's assignment to BCP.¹ The Board thus concluded that the contested BCP counseling entry shall be removed from Petitioner's official record.

RECOMMENDATION

In view of the above, enclosure (2) will be removed from Petitioner's official record.

Any material or entries inconsistent with or relating to the Board's recommendation be corrected, removed, or completely expunged from Petitioner's record, and that no such entries or material be added to the record in the future. This includes, but is not limited to, all information systems or database entries that reference or discuss the expunged material.

4. It is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above-entitled matter.

5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)), and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of reference (a), has been approved by the Board on behalf of the Secretary of the Navy.

Sincerely,

11/20/2024

[REDACTED]

¹ Note: There was sufficient evidence that Petitioner was not within standards, thus enclosure (3) remains valid pursuant with reference (d).
