Dear ██████████

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 19 March 2025. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You enlisted in the Marine Corps and began a period of active duty on 21 October 1970. You were granted a drug exemption program due to marijuana, amphetamines, acid, and mescaline use. On 18 November 1971, you received non-judicial punishment (NJP) for being incapacitated for the proper performance of your duties. On 12 June 1972, you were found guilty at general court-martial (GCM) for wrongfully selling heroin. You were sentenced to confinement, forfeiture of pay, reduction in rank, and a Bad Conduct Discharge (BCD). After completion all levels of review, you were so discharged on 1 December 1972.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire for an upgrade in your characterization of service and contentions that you have been a productive citizen since your discharge, have been a law abiding hard working American who loves his county, you went into the Marine Corps as a minor and drug free, and you got addicted to drugs while overseas. The Board noted you checked the "Other Mental Health" box on your application but did not respond to the Board's request for supporting evidence of your claim. For purposes of clemency and equity consideration, the Board considered the totality of your application; which consisted solely of what you stated on your DD Form 149 without any additional documentation for the Board's consideration.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined that your misconduct, as evidenced by your NJP and GCM, outweighed these mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it included selling heroin. The Board determined that drug distribution by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. Further, the Board observed you were given multiple opportunities to correct your conduct deficiencies but chose to continue to commit misconduct; which led to your BCD. Your conduct not only showed a pattern of misconduct but was sufficiently pervasive and serious to negatively affect the good order and discipline of your command. Finally, contrary to your contention that you entered the Marine Corps "drug free," the Board noted you required an exemption based on your extensive preservice polysubstance drug abuse.

As a result, the Board determined that there was no impropriety or inequity in your discharge and concluded that your misconduct and disregard for good order and discipline clearly merited your discharge. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

4/3/2025
