Dear ██████████

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 19 February 2025. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice or clemency determinations (Wilkie Memo).

You entered active duty with the Navy on 7 November 1989. Prior to enlisting, you received an enlistment waiver for pre-service use of illegal drugs. On 24 May 1990, while still in your initial training pipeline, you received non-judicial punishment (NJP) for wrongful use of cocaine. Consequently, you were notified of pending administrative separation action by reason of misconduct due to drug abuse. On 5 June 1990, you received a Drug and Alcohol Abuse Evaluation that determined you were a drug abuser and recommended you be separated from the Navy. After you elected to waive your rights, your commanding officer (CO) forwarded your package to the separation authority (SA) recommending your discharge with an Other Than Honorable (OTH) characterization of service. The SA approved the CO's recommendation, and you were so discharged on 26 June 1990.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to upgrade your discharge and contention that you have been a

productive tax-paying citizen since your discharge. For purposes of clemency and equity consideration, the Board noted you did not provide supporting documentation describing post-service accomplishments or advocacy letters.

After thorough review, the Board concluded these potentially mitigating factors were insufficient to warrant relief. Specifically, the Board determined your misconduct, as evidenced by your NJP, outweighed the potential mitigating factors. In making this finding, the Board considered the seriousness of your misconduct and the fact it involved a drug offense. The Board determined that illegal drug use by a service member is contrary to military core values and policy, renders such members unfit for duty, and poses an unnecessary risk to the safety of their fellow service members. The Board also considered the likely negative impact your conduct had on the good order and discipline of your command. Further, while commendable, the Board noted your post service conduct does not excuse your misconduct while enlisted in the Navy. Finally, the Board noted you served a total of seven months and 20 days of active duty service and never advanced beyond your initial training school before being discharge for misconduct.

As a result, the Board determined that there was no impropriety or inequity in your discharge and concluded that your misconduct and disregard for good order and discipline clearly merited your discharge. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined your request does not merit relief.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

3/14/2025
