Dear ██████████,

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 27 May 2025. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Headquarters, U.S. Marine Corps memorandum 1820 MMSR-5 of 15 January 2025 and your response to the opinion.

On 5 May 2016, you enlisted in the U.S. Marine Corps Reserve for 8 years with an Expiration of Obligated Service of 4 May 2024.

On 19 April 2022, Administrative Chief, ██████████, notified To Whom It May Concern that "[t]he named Marine is needed for the following days in order to satisfy his military obligation and his satisfactory drill performance in the Selected Marine Corps Reserve. The days he needs to be excused are as follows: 18-22 April 2022."

Your Career Retirement Credit Report (Marine Corps Total Force System) covering the period of 5 May 2016 to 4 May 2024 listed the following: Total active duty points 300. Total points credit 691. Total satisfactory/qualifying service 5 years. The last qualifying year you completed was for the period of 5 May 2020 to 4 May 2021. Furthermore, during the qualifying year of 5 May 2021 to 4 May 2022 you completed 29 Inactive Duty Points Paid/Total Points Credited 44. During the qualifying year of 5 May 2022 to 4 May 2023 you completed 12 Inactive Duty Points Paid/Total Points Credited 27.

Your Reserve Drill Account 981 ((Marine Corps Total Force System) listed the following information: Last drill period (24 March 2022 to 27 March 2022) prior to the end of the qualifying year 2021. First drill period 17 May 2022 to 22 May 2022) prior to the end of the qualifying year 2022.

On 20 February 2023, you transferred to the Individual Ready Reserve.

On 4 May 2024, you were discharged.

Your BC Timekeeping (Military/USAR Leave Record) from 1 January 2021 to 31 December 2024 listed military leave for the following dates: 18 April 2022, 19 April 2022, 21 April 2022, 22 April 2022.

██████████ notified To Whom It May Concern that "My name is ██████████  
██████████. I currently serve as the senior enlisted leader for ██████████  
██████████.

I am also serving as a Fire Captain for the ██████████ Fire Department. I have served with [Subject] in the past in the Marine Corps and we now are both members of the ██████████ Fire department.

I am writing this letter to provide my perspective on his request. I have researched this with him extensively and I firmly believe his request for correction should be granted. The overall thought I have for this error is that the necessary administrative moves in the Drill Manager Module were not conducted in a timely manner. The corrective action needed to move the drills from May to April was not completed and the unit's leadership and staff chose to simply muster [Subject] when the rest of the company was present for the previously scheduled May IDT period. This is obviously the incorrect way to fix such an error, however it would have worked out for all parties involved if it wasn't for the way [Subject's] anniversary date fell.

I would ask the board to recognize that [Subject] was in fact present for the April drill dates and not for the May dates. If he was mustered correctly for the April drill dates, then he would have had 10 additional points (54 total) towards his satisfactory year before his anniversary date passed on 20220504.

The desired end state being [Subject] is credited for his 6th and final year of his SMCR contract so he can show he successfully completed his obligation. Thank you for your time and consideration."

On 9 May 2025, ██████████ notified BCNR that "██████████, and I served as [Subject's] platoon and company commander in ██████████  
██████████. I am writing in support of [Subject's] request for correction to his Career Retirement Credit Report, specifically errors during his anniversary year from 20210505 to 20220505. After conducting thorough research and discussion with him, I strongly believe his request is justified and should be granted.
