(2) Administrative Remarks (Page 11) 6105 counseling entry, 14 January 2016

1. Pursuant to the provisions of reference (a), Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting removal of the 6105 counseling entry dated 14 January 2016.
2. The Board, consisting of [REDACTED], [REDACTED], and [REDACTED] reviewed Petitioner's allegations of error and injustice on 18 June 2025, and pursuant to its regulations, determined the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of Petitioner's naval records, and applicable statutes, regulations, and policies.
3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice, found as follows:
 - a. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulation within the Department of the Navy.
 - b. Petitioner was issued enclosure (2), 6105 counseling entry, on 14 January 2016, after his diagnosis of adjustment disorder. Petitioner elected not to submit a written rebuttal.
 - c. Petitioner contends the 6105 counseling entry at enclosure (2) should never have been uploaded to his official military personnel file (OMPF). Additionally, he contends he has been "highly advised" by senior officers to have the entry removed because "it has no business being in there." Enclosure (1).
 - d. Paragraph 4006.1 of reference (b) establishes that Administrative Remarks (Page 11) should be limited to matters "forming an essential and permanent part of a Marine's military history, which are not recorded elsewhere...and which will be useful to future commanders."
