

**DEPARTMENT OF THE NAVY**  
BOARD FOR CORRECTION OF NAVAL RECORDS  
701 S. COURTHOUSE ROAD, SUITE 1001  
ARLINGTON, VA 22204-2490

Docket No. 1809-25  
Ref: Signature Date

Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Because your application was submitted with new contentions not previously considered, the Board found it in the interest of justice to review your application. Your current request has been carefully examined by a three-member panel, sitting in executive session on 2 June 2025. The names and votes of the panel members will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of the Board. Documentary material considered by the Board consisted of your application together with all material submitted in support thereof, relevant portions of your naval record, and applicable statutes, regulations, and policies, to include the 25 July 2018 guidance from the Under Secretary of Defense for Personnel and Readiness regarding equity, injustice, or clemency determinations (Wilkie Memo).

You previously applied to this Board for an upgrade to your characterization of service where you contended that your discharge was unjust due to racial prejudice and a personal conflict with your Sergeant Major. The Board denied your request, on 1 July 2009, after applying the presumption of regularity<sup>1</sup>. Your record contains a DD Form 214 that annotates your service in the Marine Corps from 22 February 1982 and 5 November 1984. You were discharged for pattern of misconduct and assigned an Other Than Honorable characterization of service.

The Board carefully considered all potentially mitigating factors to determine whether the interests of justice warrant relief in your case in accordance with the Wilkie Memo. These included, but were not limited to, your desire to change your discharge characterization of service and your contentions that it has been forty-one years since your discharge and you have bladder cancer from toxic water at Camp Lejeune. For purposes of clemency and equity

<sup>1</sup> The presumption of regularity was applied since your record did not contain your administrative separation package. Further, it did not contain any documents regarding your misconduct.

consideration, the Board considered the totality of your application, which consisted solely of your DD Form 149 without any other additional documentation.

After thorough review, the Board concluded your potentially mitigating factors were insufficient to warrant relief. The Board again applied the presumption of regularity in your case after noting that you did not provide substantial evidence to overcome the presumption. The Board also noted that there is no provision of federal law or in Marine Corps regulations that allows for a discharge to be automatically upgraded after a period of time. Finally, absent a material error or injustice, the Board declined to summarily upgrade a discharge solely for the purpose of facilitating veterans' benefits or enhancing educational or employment opportunities.

As a result, the Board determined that there was no impropriety or inequity in your discharge and concluded that your misconduct and disregard for good order and discipline clearly merited your discharge. Even in light of the Wilkie Memo and reviewing the record holistically, the Board did not find evidence of an error or injustice that warrants granting you the relief you requested or granting relief as a matter of clemency or equity. Accordingly, given the totality of the circumstances, the Board determined that your request does not merit relief.

As a part of the Caring for Camp Lejeune Families Act of 2012, qualifying Veterans can receive all their health care (except dental care) from Department of Veterans Affairs (VA) if they served on active duty at Camp Lejeune for at least 30 days between August 1, 1953, and December 31, 1987. The Board recommends you contact your nearest VA office to determine your eligibility for care.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

6/27/2025
