████████████████████

Dear ██████████

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your case on its merits. A three-member panel of the Board, sitting in executive session, considered your application on 29 July 2025. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Commander, Navy Personnel Command memorandum 1900 PERS-312/SA of 1 April 2025, which was previously provided to you for comment.

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

On 11 April 1987, Petitioner enlisted in the U.S. Naval Reserve for 8 years with an expiration of obligated service of 10 April 1995.

You were released from active duty and transferred to the Naval Reserve with an honorable character of service and were issued a Certificate of Release or Discharge from Active Duty (DD Form 214) for the period of 3 October 1987 to 19 March 1988 due to USNR-R released after 90 or more days active duty for training (ACDUTRA). Returned to reserve unit/activity.

You and your Reporting Senior signed a USNR inactive Periodic/Regular Enlisted Performance Evaluation Report for the period of 13 December 1992 to 31 March 1993.

In accordance with BUPERSINST 1900.8 published on 28 June 1993, criteria for issuance of DD 214. The DD 214 is prepared to cover periods of service on active duty, active duty for training, full-time training duty, active duty for special work, certain periods terminated by a change of status not concurrent with separation from active service, and release from a status that is legally determined to be void.

Personnel Released from Active Duty for Training, 1-Time Training Duty, or Active Duty for Special Work. The form will be prepared for personnel being separated from a period of active duty for training, full-time training duty, or active duty for special work when the period of service was 90 days or more.

You and your Reporting Senior signed a USNR inactive Periodic/Regular Enlisted Performance Evaluation Report for the period of 1 April 1993 to 31 March 1994.

On 9 January 1995, Commander, Naval Reserve Readiness Command, Region Eleven notified you that "By the authority in the Joint Federal Travel Regulation you are directed to proceed and report as directed below for a period of 02 day(s) to perform IDTT [Inactive Duty Training Travel] (with pay), plus 1 travel day(s)." EDA: 04 Feb 95 UIC: ██████████. Report not later than 0730 on 04 Feb 95 to ██████████. Upon completion of IDTT and when directed on 05 Feb 95 detach; return to home address, arrival regarded as released from IDTT.

You and your Reporting Senior signed a USNR inactive Periodic/Regular Enlisted Performance Evaluation Report for the period of 1 April 1994 to 31 March 1995.

On 14 March 2025, Naval Personnel Command issued you a Statement of Service for Naval Reserve Retirement for the period of 11 April 1987 to 10 April 1995 that listed the following: Qualifying Years of Service: 27YR. Total Retirement Points Creditable for Pay: 710.

You requested to be issued a DD Form 214 upon discharge, the Board in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. You assert that you should have received a DD Form 214 at discharge as you were actively attached to a unit with an assigned billet. In accordance with BUPERSINST 1900.8, the DD Form 214 is prepared to cover periods of service on active duty, active duty for training, full-time training duty, active duty for special work... The Board concluded that there is no documentation in your record, nor did you provide any detailing of any assignment or service in an active duty capacity for the period in question. Furthermore, evaluations covering the period of April 1993 to March 1995 were for performance in an inactive status and a DD Form 214 is not issued for such service. Additionally, BUPERSINST 1900.8 states, "[t]he form will be prepared for personnel being separated from a period of active duty for training, full-time training duty, or active duty for special work when the period of service was 90 days or more." You submitted IDTT orders for a period of 2 days which you completed just prior to your discharge, however this period falls significantly short of the required number of days to merit a

DD Form 214. Therefore, the Board determined that there is no error or injustice that warrants a change to your record. In this connection, the Board substantially concurred with the comments contained in the aforementioned advisory opinion.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

8/4/2025
