This is in reference to your application for correction of your naval record pursuant to Title 10, United States Code, Section 1552.

Your application was not filed in a timely manner. A three-member panel of the Board, sitting in executive session, considered your application on 10 April 2025. The Board determined your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. In your application, you requested medical retirement. You contend relief is warranted because you were injured in a combat zone which led to injuries that ended your naval career. However, the Board noted you did not provide any supporting documentation. In reviewing your application, the Board, noting you were discharged on 23 May 2010, observed you did not provide a sufficient basis to excuse your failure to submit your application in a timely manner. Thus, the Board determined your request should be denied due to the length of time since your honorable discharge, with severance pay, due to disability.

In the absence of sufficient new evidence for reconsideration, the decision of the Board is final, and your only recourse would be to seek relief, at no cost to the Board, from a court of appropriate jurisdiction.
